All blocks are based on the Texas (Lambert) Plane Coordinate System, South Central Zone, with X origin = 2,000,000' at 99°00' W, and Y origin = 0.00' at 27°50' N.

Regular blocks are 15,840 feet on a side and contain 5,760 acres.

Areas and dimensions of the irregular blocks are as indicated.

The areas of the blocks abutting the Flower Garden Banks National Marine Sanctuary boundary have been determined and are as depicted on the Supplemental Official OCS Block Diagrams (SOBD's). Consult the SOBD's for official descriptions and approval dates.

The east boundary of this area as shown hereon has been adopted administratively as the limiting boundary of the leasing blocks; it is not to be construed as being an extension of the boundary between the States of Texas and Louisiana.
