

Atlantic Shores Offshore Wind North Project

We Want to Hear From You: How to Comment

BOEM is initiating scoping for the Atlantic Shores Offshore Wind North Project Environmental Impact Statement (EIS) and is asking all stakeholders to submit comments on the scope of the EIS analysis, including potential alternatives and mitigation measures. Providing your local expertise and perspective will help produce a more complete environmental analysis of the proposed project resulting in a more informed decision by BOEM.

What is BOEM looking for comments on?

- Potential effects that the proposed action could have on biological resources, physical resources, socioeconomic and cultural resources
- Other reasonable alternatives to the proposed action that BOEM should consider, including additional or alternative avoidance, minimization, and mitigation measures.
- Identification of historic properties, potential effects to historic properties, and measures to avoid, minimize, or mitigate adverse effects on historic properties.

How can I submit my comments?

During the virtual and in-person public meetings.

In writing in an envelope labeled Atlantic Shores North EIS addressed to:
Kimberly Sullivan, NEPA Coordinator
Environmental Branch for Renewable Energy
Bureau of Ocean Energy Management
45600 Woodland Road, VAM-OREP
Sterling, Virginia 20166

Online at Regulations.gov using docket number **BOEM-2024-0008**

In the box titled "SEARCH for: Rules, Comments, Adjudications or Supporting Documents," enter **BOEM-2024-0008**, and click "search." View supporting and related materials available for this notice, then click the "Comment" button on the right side of the screen.

When are comments due?

For timely consideration, comments should be received or postmarked no later than

May 2, 2024

What will BOEM do with the comments it receives?

When the public comment period is finished, BOEM will analyze comments, conduct further analysis as necessary, and prepare the draft EIS.

The draft EIS will include a summary that identifies all alternatives, information, and analyses submitted by State, Tribal, and local governments and other public commenters during the scoping process for consideration by BOEM and the cooperating agencies in developing the draft EIS.
