

CAPE WIND ENERGY PROJECT

Final Environmental Impact Statement

CAPE WIND ENERGY PROJECT

Final Environmental Impact Statement

MMS U.S. Department of the Interior
Minerals Management Service

January 2009
Volume 2 of 3

VOLUME 2

- Appendix A Figures, Maps and Tables
- Appendix B Agency Correspondence and Consultation
- Appendix C Draft Stormwater Pollution Prevention Plan
- Appendix D Draft Oil Spill Response Plan

VOLUME 3

- Appendix E Material Safety Data Sheets
- Appendix F Economic Model
- Appendix G Biological Assessment
- Appendix H Essential Fish Habitat (EFH) Assessment
- Appendix I Draft General Conformity Determination
- Appendix J FWS and NOAA Fisheries Biological Opinions
- Appendix K Final EIS Mailing List
- Appendix L Evaluation of Comments Received on DEIS
- Appendix M Report of the Effect on Radar Performance of the Proposed Cape Wind Project and Advance Copy of USCG Findings and Mitigation
- Appendix N Framework for the Avian and Bat Monitoring Plan

Appendix A

Figures, Maps and Tables

LIST OF FIGURES

Figure E-1	Project Locus Map	A-1
Figure 2.1.1-1	Proposed Wind Turbine Generator	A-2
Figure 2.1.1-2	Revised Turbine Array – New 3 Mile Boundary	A-3
