businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority
We provide this notice under section 10(c) of the ESA and its implementing regulations (50 CFR 17.22 and 17.32), and NEPA (42 U.S.C. 4371 et seq.) and its implementing regulations (40 CFR 1506.6).

Amy Lueders,
Regional Director, Southwest Region,
Albuquerque, New Mexico.

DEPARTMENT OF THE INTERIOR
Bureau of Ocean Energy Management

Gulf of Mexico Outer Continental Shelf Region-wide Oil and Gas Lease Sale 252

ACTION: Final notice of sale

SUMMARY: On Wednesday, March 20, 2019, the Bureau of Ocean Energy Management (BOEM) will open and publicly announce bids received for blocks offered in the Gulf of Mexico (GOM) Outer Continental Shelf (OCS) Region-wide Oil and Gas Lease Sale 252 (GOM Region-wide Sale 252), in accordance with the provisions of the Outer Continental Shelf Lands Act (OCSLA), and the implementing regulations issued pursuant thereto. The GOM Region-wide Sale 252 Final Notice of Sale (NOS) package contains information essential to potential bidders.

DATES: BOEM will hold GOM Region-wide Sale 252 at 9:00 a.m. on Wednesday, March 20, 2019. All times referred to in this document are Central Standard Time, unless otherwise specified.

Bid submission deadline: BOEM must receive all sealed bids between 8:00 a.m. and 4:00 p.m. on normal working days prior to the sale, or from 8:00 a.m. to the Bid Submission Deadline of 10:00 a.m. on Tuesday, March 19, 2019, the day before the lease sale. For more information on bid submission, see Section VII, “Bidding Instructions,” of this document.

ADDRESS: Bids will be accepted prior to the bid receipt deadline at 1201 Elmwood Park Boulevard, New Orleans, Louisiana. Public bid reading for GOM Region-wide Sale 252 will be held at 1201 Elmwood Park Boulevard, New Orleans, Louisiana, but the venue will not be open to the general public, media, or industry during bid opening or reading. Bid opening will be available for public viewing on BOEM’s website at www.boem.gov via live-streaming video beginning at 9:00 a.m. on the date of the sale. BOEM will also post the results on its website after bid opening and reading are completed. Interested parties may download the Final NOS package from BOEM’s website at http://www.boem.gov/Sale-252/. Copies of the sale maps may be obtained by contacting the BOEM GOM Region at: Gulf of Mexico Region Public Information Office, Bureau of Ocean Energy Management, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123–2394, (504) 736–2519 or (800) 200–GULF.

Table of Contents
This Final NOS includes the following sections:

I. Lease Sale Area
II. Statutes and Regulations
III. Lease Terms and Economic Conditions
IV. Lease Stipulations
V. Information to Lessees
VI. Maps
VII. Bidding Instructions
VIII. Bidding Rules and Restrictions
IX. Forms
X. The Lease Sale
XI. Delay of Sale

I. Lease Sale Area

Blocks Offered For Leasing: BOEM will offer for bid in this lease sale all of the available unleased acreage in the GOM, except those blocks listed in “Blocks Not Offered for Leasing” below.

Blocks Not Offered for Leasing: The following whole and partial blocks are not offered for lease in this sale. The BOEM Official Protraction Diagrams (OPDs) and Supplemental Official Block Diagrams are available online at https://www.boem.gov/Maps-and-GIS-Data/.

• Whole and partial blocks that lie within the current boundaries of the Flower Garden Banks National Marine Sanctuary (in the East and West Flower Garden Banks and the Stetson Bank), identified in the following list:
  - High Island, East Addition, South Extension (Leasing Map TX7C)

Whole Block: A–398

High Island, South Addition (Leasing Map TX7B)

Garden Banks (OPD NG13–02)
Partial Blocks: 134, 135

• Blocks that are adjacent to or beyond the United States’ Exclusive Economic Zone in the area known as the northern portion of the Eastern Gap:

Land South (OPD NG 16–07)
Whole Blocks: 128, 129, 169 through 173, 208 through 248, 261, 293 through 305, and 349

Henderson (OPD NG 16–05)
Whole Blocks: 466, 508 through 510, 531 through 554, 594 through 599, 637 through 643, 679 through 687, 722 through 731, 764 through 775, 807 through 819, 849 through 862, 891 through 905, 933 through 949, and 975 through 992

Partial Blocks: 467, 511, 555, 556, 600, 644, 688, 732, 776, 820, 821, 863, 864, 906, 907, 950, 993, and 994

Florida Plain (OPD NG 16–08)
Whole Blocks: 5 through 24, 46 through 67, 89 through 130, 133 through 154, 177 through 197, 221 through 240, 265 through 283, 309 through 327, and 363 through 370

• All whole and portions of blocks deferred by the Gulf of Mexico Energy Security Act of 2006, Public Law 109–432:

Pensacola (OPD NH 16–05)
Whole Blocks: 751 through 754, 793 through 798, 837 through 842, 881 through 896, 925 through 930, and 969 through 975

Destin Dome (OPD NH 16–08)
Whole Blocks: 1 through 7, 45 through 51, 89 through 96, 133 through 140, 177 through 184, 221 through 228, 265 through 273, 309 through 317, 353 through 361, 397 through 405, 441 through 450, 485 through 494, 529 through 538, 573 through 582, 617 through 627, 661 through 671, 705 through 715, 749 through 759, 793 through 804, 837 through 848, 881 through 902, 925 through 936, and 969 through 981

DeSoto Canyon (OPD NH 16–11)
Whole Blocks: 1 through 15, 45 through 59, and 92 through 102

Partial Blocks: 16, 60, 61, 89 through 91, 103 through 105, and 135 through 147

Henderson (OPD NG 16–05)
Partial Blocks: 114, 158, 202, 246, 290, 334, 335, 378, 379, 422, and 423

• Depth restricted, segregated block portion(s):
II. Statutes and Regulations

Each lease is issued pursuant to OCSLA, 43 U.S.C. 1331–1356, as amended, and is subject to OCSLA implementing regulations promulgated pursuant thereto in 30 CFR part 556, and other applicable statutes and regulations in existence upon the effective date of the lease, as well as those applicable statutes enacted and regulations promulgated thereafter, except to the extent that the after-enacted statutes and regulations explicitly conflict with an express provision of the lease. Each lease is also subject to amendments to statutes and regulations, including but not limited to OCSLA, that do not explicitly conflict with an express provision of the lease. The lessee expressly bears the risk that such new or amended statutes and regulations (i.e., those that do not explicitly conflict with an express provision of the lease) may increase or decrease the lessee’s obligations under the lease.

III. Lease Terms and Economic Conditions

Lease Terms

OCS Lease Form

BOEM will use Form BOEM–2005 (February 2017) to convey leases resulting from this sale. This lease form may be viewed on BOEM’s website at http://www.boem.gov/BOEM-2005.

The lease form will be amended to include specific terms, conditions, and stipulations applicable to the individual lease. The terms, conditions, and stipulations applicable to this sale are set forth below.

Primary Term

Primary Terms are summarized in the following table:

<table>
<thead>
<tr>
<th>Water depth (meters)</th>
<th>Primary term</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 to &lt;400 ............</td>
<td>The primary term is five years; the lessee may earn an additional three years (i.e., for an eight-year extended primary term) if a well is spudded targeting hydrocarbons below 25,000 feet True Vertical Depth Subsea (TVD SS) during the first five years of the lease.</td>
</tr>
<tr>
<td>400 to &lt;800 ...........</td>
<td>The primary term is five years; the lessee will earn an additional three years (i.e., for an eight-year extended primary term) if a well is spudded during the first five years of the lease.</td>
</tr>
<tr>
<td>800 to &lt;1,600 ..........</td>
<td>The primary term is seven years; the lessee will earn an additional three years (i.e., for a ten-year extended primary term) if a well is spudded during the first seven years of the lease.</td>
</tr>
<tr>
<td>1,600+ ................</td>
<td>Ten years.</td>
</tr>
</tbody>
</table>

(1) The primary term for a lease in water depths less than 400 meters issued as a result of this sale is five years. If the lessee spuds a well targeting hydrocarbons below 25,000 feet TVD SS within the first five years of the lease, then the lessee may earn an additional three years, resulting in an eight-year primary term. The lessee will earn the eight-year primary term when the well is drilled to a target below 25,000 feet TVD SS, or the lessee may earn the eight-year primary term in cases where the well targets, but does not reach, a depth below 25,000 feet TVD SS due to mechanical or safety reasons, and where the lessee provides sufficient evidence that it did not reach that target for reasons beyond the lessee’s control.

In order to earn the eight-year extended primary term, the lessee is required to submit to the BOEM GOM Regional Supervisor for Leasing and Plans, as soon as practicable, but no more than 30 days after completion of the drilling operation, a letter providing the well number, spud date, information demonstrating a target below 25,000 TVD SS and whether that target was reached, and if applicable, any safety, mechanical, or other problems encountered that prevented the well from reaching a depth below 25,000 feet TVD SS. This letter must request confirmation that the lessee earned the eight-year primary term. The BOEM GOM Regional Supervisor for Leasing and Plans will confirm in writing, within 30 days of receiving the lessee’s letter, whether the lessee has earned the extended primary term and update BOEM records accordingly. The extended primary term is not effective unless and until the lessee receives confirmation from BOEM.

A lessee that has earned the eight-year primary term by spudding a well with a hydrocarbon target below 25,000 feet TVD SS during the standard five-year primary term of the lease will not be granted a suspension for that same period under the regulations at 30 CFR 250.175 because the lease is not at risk of expiring.

(2) The primary term for a lease in water depths ranging from 400 to less than 800 meters issued as a result of this sale is five years. If the lessee spuds a well within the five-year primary term of the lease, the lessee will earn an additional three years, resulting in an eight-year primary term.

In order to earn the eight-year primary term, the lessee is required to submit to the BOEM GOM Regional Supervisor for Leasing and Plans, as soon as practicable, but no more than 30 days after spudding a well, a letter providing the well number and spud date, and requesting confirmation that the lessee earned the eight-year extended primary term. Within 30 days of receipt of the request, the BOEM GOM Regional Supervisor for Leasing and Plans will provide written confirmation of whether...
the lessee has earned the extended primary term and update BOEM records accordingly. The extended primary term is not effective unless and until the lessee receives confirmation from BOEM.

(3) The standard primary term for a lease in water depths ranging from 800 to less than 1,600 meters issued as a result of this sale is seven years. If the lessee spuds a well within the standard seven-year primary term, the lessee will earn an additional three years, resulting in a ten-year extended primary term.

In order to earn the ten-year primary term, the lessee is required to submit to the BOEM GOM Regional Supervisor for Leasing and Plans, as soon as practical, but in no instance more than 30 days after spudding a well, a letter providing the well number and spud date, and requesting confirmation that the lessee earned the ten-year primary term. Within 30 days of receipt of the request, the BOEM GOM Regional Supervisor for Leasing and Plans will provide written confirmation of whether the lessee has earned the extended primary term and update BOEM records accordingly. The extended primary term is not effective unless and until the lessee receives confirmation from BOEM.

(4) The primary term for a lease in water depths 1,600 meters or deeper issued as a result of this sale will be ten years.

### Economic Conditions

**Minimum Bonus Bid Amounts**

- $25.00 per acre or fraction thereof for blocks in water depths less than 400 meters; and
- $100.00 per acre or fraction thereof for blocks in water depths 400 meters or deeper.

BOEM will not accept a bonus bid unless it provides for a cash bonus in an amount equal to, or exceeding, the specified minimum bid of $25.00 per acre or fraction thereof for blocks in water depths less than 400 meters, and $100.00 per acre or fraction thereof for blocks in water depths 400 meters or deeper.

### Rental Rates

Annual rental rates are summarized in the following table:

<table>
<thead>
<tr>
<th>Water depth (meters)</th>
<th>Years 1–5</th>
<th>Years 6, 7, &amp; 8 +</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 to &lt;200</td>
<td>$7.00</td>
<td>$14.00, $21.00, &amp; $28.00.</td>
</tr>
<tr>
<td>200 to &lt;400</td>
<td>11.00</td>
<td>$22.00, $33.00, &amp; $44.00.</td>
</tr>
<tr>
<td>400+</td>
<td>11.00</td>
<td>$16.00.</td>
</tr>
</tbody>
</table>

### Escalating Rental Rates for Leases With an Eight-Year Primary Term in Water Depths Less Than 400 Meters

Any lessee with a lease in less than 400 meters water depth who earns an eight-year primary term will pay an escalating rental rate as shown above. The rental rates after the fifth year for blocks in less than 400 meters water depth will become fixed and no longer escalate, if another well is spudded targeting hydrocarbons below 25,000 feet TVD SS after the fifth year of the lease, and BOEM concurs that such a well has been spudded. In this case, the rental rate will become fixed at the rental rate in effect during the lease year in which the additional well was spudded.

### Royalty Rate

- 12.5 percent for leases situated in water depths less than 200 meters; and
- 18.75 percent for leases situated in water depths of 200 meters and deeper.

### Minimum Royalty Rate

- $7.00 per acre or fraction thereof per year for blocks in water depths less than 200 meters; and
- $11.00 per acre or fraction thereof per year for blocks in water depths 200 meters or deeper.

### Royalty Suspension Provisions

The issuance of leases with Royalty Suspension Volumes (RSVs) or other forms of royalty relief is authorized under existing BOEM regulations at 30 CFR part 560. The specific details relating to eligibility and implementation of the various royalty relief programs, including those involving the use of RSVs, are codified in Bureau of Safety and Environmental Enforcement (BSEE) regulations at 30 CFR part 203. In this sale, the only royalty relief program being offered that involves the provision of RSVs relates to the drilling of ultra-deep wells in water depths of less than 400 meters, as described in the following section.

### Royalty Suspension Volumes on Gas Production From Ultra-Deep Wells

Pursuant to 30 CFR part 203, certain leases issued as a result of this sale may be eligible for RSV incentives on gas produced from ultra-deep wells. Under this program, wells on leases in less than 400 meters water depth and completed to a drilling depth of 20,000 feet TVD SS or deeper receive a RSV of 35 billion cubic feet on the production of natural gas. This RSV incentive is subject to applicable price thresholds set forth in the regulations at 30 CFR part 203. These regulations implement the requirements of the Energy Policy Act of 2005 (Pub. L. 109–58, 119 Stat. 594 (2005)).

### IV. Lease Stipulations

Consistent with the Record of Decision for the Final Programmatic Environmental Impact Statement for the 2017–2022 Five Year OCS Oil and Gas Leasing Program, Stipulation No. 5 (Topographic Features) and Stipulation No. 8 (Live Bottom) will apply to every lease sale in the GOM Program Area. One or more of the remaining eight stipulations may be applied to leases issued as a result of this sale, on applicable blocks as identified on the map “Gulf of Mexico Region-wide Oil and Gas Lease Sale 252, March 20, 2019, Stipulations and Deferred Blocks” included in the Final NOS package. The full text of the following stipulations is contained in the “Lease Stipulations” section of the Final NOS package.

1. **Military Areas**
2. **Evacuation**
3. **Coordination**
4. **Protected Species**
5. **Topographic Features**
7. **Agreement between the United States of America and the United Mexican States Concerning Transboundary Hydrocarbon Reservoirs in the Gulf of Mexico**
8. **Live Bottom**
(9) Blocks South of Baldwin County, Alabama
(10) Restrictions due to Rights-of-Use and Easement for Floating Production Facilities

V. Information to Lessees

Information to Lessees (ITLs) provide detailed information on certain issues pertaining to specific oil and gas lease sales. The full text of the ITLs for this sale is contained in the “Information to Lessees” section of the Final NOS package and includes the following topics:

1) Navigation Safety
2) Ordinance Disposal Areas
3) Existing and Proposed Artificial Reefs/Rigs-to-Reefs
4) Lightering Zones
5) Indicated Hydrocarbons List
6) Military Areas
7) Bureau of Safety and Environmental Enforcement (BSEE) Inspection and Enforcement of Certain U.S. Coast Guard (USCCG) Regulations
8) Significant Outer Continental Shelf Sediment Resource Areas
9) Notice of Arrival on the Outer Continental Shelf
10) Bidder/Lessee Notice of Obligations Related to Criminal/Civil Charges and Offenses, Suspension, or Debarment; Disqualification Due to a Conviction under the Clean Air Act or the Clean Water Act
11) Protected Species
12) Proposed Expansion of the Flower Garden Banks National Marine Sanctuary
13) Communication Towers
14) Deepwater Port Applications for Offshore Oil and Liquefied Natural Gas Facilities
15) Ocean Dredged Material Disposal Sites
16) Rights-of-Use and Easement
17) Industrial Waste Disposal Areas
18) Gulf Islands National Seashore
19) Air Quality Permit/Plan Approvals

VI. Maps

The maps pertaining to this lease sale may be viewed on BOEM’s website at http://www.boem.gov/Sale-252/. The following maps also are included in the Final NOS package:

Lease Terms and Economic Conditions Map

The lease terms and economic conditions associated with leases of certain blocks are shown on the map entitled, “Gulf of Mexico Region-wide Oil and Gas Lease Sale 252, March 20, 2019, Lease Terms and Economic Conditions.”

Stipulations and Deferred Blocks Map

The lease stipulations and the blocks to which they apply are shown on the map entitled, “Gulf of Mexico Region-wide Oil and Gas Lease Sale 252, March 20, 2019, Stipulations and Deferred Blocks Map.”

VII. Bidding Instructions

Bids may be submitted in person or by mail at the address below in the “Mailed Bids” section. Bidders submitting their bid(s) in person are advised to email boemgomrleasesales@boem.gov to provide the names of the company representative(s) that will submit the bid(s). Instructions on how to submit a bid, secure payment of the advance bonus bid deposit (if applicable), and what information must be included with the bid are as follows:

Bid Form

For each block bid upon, a separate sealed bid must be submitted in a sealed envelope (as described below) and include the following:

• Total amount of the bid in whole dollars only;
• Sale number;
• Sale date;
• Each bidder’s exact name;
• Each bidder’s proportionate interest, stated as a percentage, using a maximum of five decimal places (e.g., 33.33333%);
• Typed name and title, and signature of each bidder’s authorized officer;
• Each bidder’s qualification number;
• Map name and number or Official Protraction Diagram (OPD) name and number;
• Block number and;
• Statement acknowledging that the bidder(s) understands that this bid legally binds the bidder(s) to comply with all applicable regulations including those requiring it to post a deposit in the amount of one-fifth of the bonus bid amount for any tract bid upon and make payment of the balance of the bonus bid and first year’s rental upon BOEM’s acceptance of high bids.

The information required on the bid(s) is specified in the document “Bid Form” that is available in the Final NOS package. A blank bid form is provided in the Final NOS package for convenience and may be copied and completed with the necessary information described above.

Advance Bonus Bid Deposit Guarantee

Bidders that are not currently an OCS oil and gas lease record title holder or designated operator, or those that ever have defaulted on a one-fifth bonus bid deposit, by Electronic Funds Transfer (EFT) or otherwise, must guarantee (secure) the payment of the one-fifth bonus bid deposit prior to bid submission using one of the following four methods:

• Provide a third-party guarantee;
• Amend an area-wide development bond via bond rider;
• Provide a letter of credit; or
• Provide a lump sum payment in advance via EFT.

Please provide, at the time you submit your bid, confirmation or tracking number for your payment, the name of the company submitting the payment as it appears on the payment, and the date the payment was submitted in order for BOEM to confirm your payment with the Office of Natural Resources Revenue (ONRR). Submitting payment to your financial institution at least five business days prior to your bid submittal will help ensure that the Office of Foreign Assets Control and the U.S. Department of the Treasury (U.S. Treasury) have the needed time to screen and process your payment so that...
they post it to ONRR prior to your placing your bid. ONRR cannot confirm payment until the monies have been moved into settlement status by the U.S. Treasury. Your bid will not be accepted if BOEM cannot confirm your payment with ONRR.

If you are providing a third-party guarantee, amending an area-wide development bond via bond rider, or providing a letter of credit to secure your one-fifth bonus bid deposit, you are urged to file the same with BOEM, well in advance of submitting your bid, to allow time for BOEM to process these items and for you to take any necessary curative actions prior to your bid submission. For more information on EFT procedures, see Section X of this document entitled, “The Lease Sale.”

Affirmative Action

Geophysical Data and Information Statement (GDIS)

The GDIS is composed of three parts:

1. The “Statement” page includes the company representatives’ information and lists of blocks bid on that used proprietary data and those blocks bid on that did not use proprietary data;

2. The “Table” listing the required data about each proprietary survey used (see below); and

3. The “Maps” being the live trace maps for each proprietary survey that is identified in the GDIS statement and table.

Every bidder submitting a bid on a block in GOM Region-wide Sale 252, or participating as a joint bidder in such a bid, must submit at the time of bid submission all three parts of the GDIS. A bidder must submit the GDIS even if a joint bidder or bidders on a specific block also have submitted a GDIS. Any speculative data that has been reprocessed externally or “in-house” is considered proprietary due to the proprietary processing and is no longer considered to be speculative.

The bidder or bidders must submit the GDIS in a separate and sealed envelope, and must identify all proprietary data; reprocessed speculative data, and/or any Controlled Source Electromagnetic surveys, Amplitude Versus Offset (AVO), Gravity, or Magnetic data; or other information used as part of the decision to bid or participate in a bid on the block. The bidder and joint bidder must also include a live trace map (e.g., pdf and ArcGIS shape file) for each proprietary survey that they identify in the GDIS illustrating the actual areal extent of the proprietary geophysical data in the survey (see the “Example of Preferred Format” that is included in the Final NOS package for additional information). The shape file must not include cultural information; only the live trace map of the survey itself. The GDIS statement must include the name, phone number, and full address of a contact person and an alternate who are both knowledgeable about the geophysical information and data listed and who are available for 30 days after the sale date. The GDIS statement also must include a list of all blocks bid upon that did not use proprietary or reprocessed pre- or post-stack geophysical data and information as part of the decision to bid or to participate as a joint bidder in the bid.

Bidders must submit the GDIS statement even if no proprietary geophysical data and information were used in bid preparation for the block.

The GDIS table should have columns that clearly state:

- The sale number;
- The bidder company’s name;
- The joint bidder’s company’s name (if applicable);
- Company that will provide Proprietary Data to BOEM;
- The block area and block number bid on;
- The owner of the original data set (i.e., who initially acquired the data);
- The industry’s original name of the survey (e.g., E Octopus);
- The BOEM permit number for the survey;
- Whether the data set is a fast track version;
- Whether the data is speculative or proprietary;
- The data type (e.g., 2–D, 3–D, or 4–D; pre-stack or post-stack; and time or depth, etc.);
- The Migration algorithm (e.g., Kirchhoff Migration, Wave Equation Migration, Reverse Migration, Reverse Time Migration) of the data and areal extent of bidder survey (i.e., number of line miles for 2–D or number of blocks for 3–D);
- The Live Proprietary Survey Coverage (2–D miles 3–D Blocks);
- The computer storage size, to the nearest gigabyte, of each seismic data and velocity volume used to evaluate the lease block;
- Who reprocessed the data;
- Date Final Reprocessing Completed (month and year);
- If data was previously sent to BOEM, list the sale number and date of the sale for which it was used;
- Whether proprietary or Speculative AVO/AVA (PROP/SPEC) was used;
- Date AVO or AVA was sent to BOEM if sent during prior sale;
- Is AVO/AVA Time or Depth (PSTM or PSDM);
- Which Angled Stacks were used (NEAR, MID, FAR, ULTRAFAAR etc.);
- Whether your company used Gatherers to evaluate the block in question; and
- Whether your company used Vector Offset Output (VOO) or Vector Image Partitions (VIP) to evaluate the block in question.

BOEM will use the computer storage size information in estimating the reproduction costs for each data set, if applicable. BOEM will determine the availability of reimbursement of production costs consistent with 30 CFR 551.13.

BOEM reserves the right to query about alternate data sets, to quality check, and to compare the listed and alternative data sets to determine which data set most closely meets the needs of the fair market value determination process. See the “Example of Preferred Format” that is included in the Final NOS package. Bidders can access a blank digital version of the preferred table on the GOM Region-wide Sale 252 web page at http://www.boem.gov/Sale-252.

The GDIS maps are live trace maps (e.g., .pdf and ArcGIS shape files) that bidders should submit for each proprietary survey that is identified in the GDIS table. They should illustrate the actual areal extent of the proprietary geophysical data in the survey (see the “Example of Preferred Format” that is included in the Final NOS package for additional information). As previously stated, the shape file must not include cultural information; only the live trace map of the survey itself. Pursuant to 30 CFR 551.12 and 30 CFR 556.501, as a condition of the sale, the BOEM Gulf of Mexico Regional Director (RD) requests that all bidders and joint bidders submit the proprietary data identified on their GDIS within 30 days after the lease sale (unless they are
VerDate Sep<11>2014 19:41 Feb 14, 2019 Jkt 247001 PO 00000 Frm 00099 Fmt 4703 Sfmt 4703 E:\FR\FM\15FEN1.SGM 15FEN1

Please Note: The GDIS Information Table must be submitted digitally, preferably as an Excel spreadsheet, on a CD, DVD, or any USB external drive (formatted for Windows), along with the seismic data map(s). If bidders have any questions, please contact Ms. Dee Smith at (504) 736–2706, or Mr. John Johnson at (504) 736–2455.

Bidders should refer to Section X of this document, “The Lease Sale: Acceptance, Rejection, or Return of Bids,” regarding a bidder’s failure to comply with the requirements of the Final NOS, including any failure to submit information as required in the Final NOS or Final NOS package.

Telephone Numbers/Addresses of Bidders

BOEM requests that bidders provide this information in the suggested format prior to or at the time of bid submission. The suggested format is included in the Final NOS package. The form must not be enclosed inside the sealed bid envelope.

Additional Documentation

BOEM may require bidders to submit other documents in accordance with 30 CFR 556.107, 30 CFR 556.401, 30 CFR 556.501, and 30 CFR 556.513.

VIII. Bidding Rules and Restrictions

Restricted Joint Bidders

On November 6, 2018, BOEM published the most recent List of Restricted Joint Bidders in the Federal Register at 83 FR 55360. Potential bidders are advised to refer to the Federal Register, prior to bidding, for the most current List of Restricted Joint Bidders in place at the time of the lease sale. Please refer to the joint bidding provisions at 30 CFR 556.511–515.

Authorized Signatures

All signatories executing documents on behalf of bidder(s) must execute the same in conformance with the BOEM qualification records. Bidders are advised that BOEM considers the signed bid to be a legally binding obligation on the part of the bidder(s) to comply with all applicable regulations, including that requiring payment of one-fifth of the bonus bid on all high bids. A statement to this effect is included on each bid form (see the document “Bid Form” that is included in the Final NOS package).

Unlawful Combination or Intimidation

BOEM warns bidders against violation of 18 U.S.C. 1860, prohibiting unlawful combination or intimidation of bidders.

Bid Withdrawal

Bids may be withdrawn only by written request delivered to BOEM prior to the Bid Submission Deadline. The withdrawal request must be on company letterhead and must contain the bidder’s name, its BOEM qualification number, the map name/number, and the block number(s) of the bid(s) to be withdrawn. The withdrawal request must be executed by one or more of the representatives named in the BOEM qualification records. The name and title of the authorized signatory must be typed under the signature block on the withdrawal request. The BOEM Gulf of Mexico RD, or the RD’s designee, will indicate their approval by signing and dating the withdrawal request.

Bid Rounding

Minimum bonus bid calculations, including rounding, for all blocks are shown in the document “List of Blocks Available for Leasing” included in the Final NOS package. The bonus bid amount must be stated in whole dollars. If the acreage of a block contains a decimal figure, then prior to calculating the minimum bonus bid, BOEM rounded up to the next whole acre. The appropriate minimum rate per acre was then applied to the whole (rounded up) acreage. The bonus bid amount must be greater than or equal to the minimum bonus bid as calculated and stated in the Final NOS package.

IX. Forms

The Final NOS package includes instructions, samples, and/or the preferred format for the following items. BOEM strongly encourages bidders to use the recommended formats. If bidders use another format, they are responsible for including all the information specified for each item in the Final NOS package.

(1) Bid Form
(2) Sample Completed Bid
(3) Sample Bid Envelope
(4) Sample Bid Mailing Envelope
(5) Telephone Numbers/Addresses of Bidders Form
(6) GDIS Form
(7) GDIS Envelope Form

X. The Lease Sale

Bid Opening and Reading

Sealed bids received in response to the Final NOS will be opened at the place, date, and hour specified under the DATES and ADDRESSES sections of the Final NOS. The venue will not be open to the public. Instead, the bid opening will be available for the public to view on BOEM’s website at www.boem.gov.
via live-streaming. The opening of the bidding will be for the sole purpose of publicly announcing and recording the bids received; no bids will be accepted or rejected at that time.

**Bonus Bid Deposit for Apparent High Bids**

Each bidder submitting an apparent high bid must submit a bonus bid deposit to ONRR equal to one-fifth of the bonus bid amount for each such bid. A copy of the notification of the high bidder’s one-fifth bonus bid amount may be obtained on the BOEM website at http://www.boem.gov/Sale-252 under the heading “Notification of EFT 1⁄5 Bonus Liability” after 1:00 p.m. on the day of the sale. All payments must be deposited electronically into an interest-bearing account in the U.S. Treasury by 1:00 p.m. Eastern Time the day following the bid reading (no exceptions). Account information is provided in the “Instructions for Making Electronic Funds Transfer Bonus Payments” found on the BOEM website identified above.

Submittal payment to your financial institution as soon as possible the day of bid reading, but no later than 7:00 p.m. Eastern Time the day of bid reading, will help ensure that deposits have time to process through the U.S. Treasury and post to ONRR. ONRR cannot confirm payment until the monies have been moved into settlement status by the U.S. Treasury.

BOEM requires bidders to use EFT procedures for payment of one-fifth bonus bid deposits for GOM Region-wide Sale 252 following the detailed instructions contained on the ONRR Payment Information web page at https://www.onrr.gov/ReportPay/payments.htm. Acceptance of a deposit does not constitute and will not be construed as acceptance of any bid on behalf of the United States.

**Withdrawal of Blocks**

The United States reserves the right to withdraw any block from this lease sale prior to issuance of a written acceptance of a bid for the block.

**Acceptance, Rejection, or Return of Bids**

The United States reserves the right to reject any and all bids. No bid will be accepted, and no lease for any block will be awarded to any bidder, unless:

1. The bidder has complied with all applicable regulations and requirements of the Final NOS, including those set forth in the documents contained in the Final NOS package;
2. The bid is the highest valid bid; and
3. The amount of the bid has been determined to be adequate by the authorized officer.

Any bid submitted that does not conform to the requirements of the Final NOS and Final NOS package, OCSLA, or other applicable statute or regulation will be rejected and returned to the bidder. The United States Department of Justice and the Federal Trade Commission will review the results of the lease sale for antitrust issues prior to the acceptance of bids and issuance of leases.

**Bid Adequacy Review Procedures for GOM Region-Wide Sale 252**

To ensure that the U.S. Government receives a fair return for the conveyance of leases from this sale, BOEM will evaluate high bids in accordance with its bid adequacy procedures, which are available at http://www.boem.gov/Oil-and-Gas-Energy-Program/Leasing/Regional-Leasing/Gulf-of-Mexico-Region/Bid-Adequacy-Procedures.aspx.

**Lease Award**

BOEM requires each bidder awarded a lease to:

1. Execute all copies of the lease (Form BOEM–2005 (February 2017), as amended);
2. Pay by EFT the balance of the bonus bid amount and the first year’s rental for each lease issued in accordance with the requirements of 30 CFR 218.155 and 556.520(a); and
3. Satisfy the bonding requirements of 30 CFR part 556, subpart I, as amended.

ONRR requests that only one transaction be used for payment of the balance of the bonus bid amount and the first year’s rental. Once ONRR receives such payment, the bidder awarded the lease may not request a refund of the balance bonus bid amount or first year’s rental payment.

**XI. Delay of Sale**

The BOEM Gulf of Mexico RD has the discretion to change any date, time, and/or location specified in the Final NOS package in the case of an event that the BOEM Gulf of Mexico RD deems may interfere with a fair and orderly lease sale process. Such events could include, but are not limited to, natural disasters (e.g., earthquakes, hurricanes, and floods), wars, riots, acts of terrorism, fires, strikes, civil disorder, or other events of a similar nature. In case of such events, bidders should call (504) 736–6557, or access the BOEM website at http://www.boem.gov, for information regarding any changes.
