Oversees development of the nation's oil and gas, renewable energy, and other mineral and energy resources on the Outer Continental Shelf

BOEM's Staged Offshore Wind Authorization Process

Planning and Analysis
 Leasing
 Site Assessment
 Construction and Operations

Atlantic OCS Renewable Energy - Massachusetts to Florida

More than 30 meters

Recent Offshore Wind Lease Sales

- BOEM held its first two offshore wind lease sales in 2013:
 - Rhode Island/Massachusetts 2 leases issued to Deepwater Wind
 - Virginia 1 lease issued to Dominion Virginia Power

Planning and Leasing Activities

Recent:

- Maine Application from StatOil withdrawn in Nov. 2013.
- Massachusetts NREL completed assessment of options for wind leasing areas.
- Rhode Island/Massachusetts Held auction for commercial leasing for wind power in July 2013.
- New York Published Request for Interest (RFI) in Jan. 2013.

<u>Upcoming:</u>

- Publish Proposed Sale Notice (PSN) for MA WEA.
- RI/MA SAPs due Apr. 2014, DWW has requested an extension.
- Publish Call for Information and Nominations (Call) for NY area.

Planning and Leasing Activities Mid-Atlantic

Recent:

- New Jersey NREL completed assessment of options for wind leasing areas.
- Delaware Issued a commercial wind lease in Nov. 2012, received SAP in Nov. 2013.
- Maryland Published PSN in Dec. 2013.
- Virginia -
 - Published DNCI for research lease area within VA commercial lease area in Mar. 2013.
 - Held auction for commercial leasing for wind power off VA in Sept.
 2013.
 - Published DNCI for research lease area outside VA commercial lease area in Dec. 2013, held EA scoping meeting in Apr. 2014.

Planning and Leasing Activities

Mid-Atlantic (cont'd)

Upcoming:

- Publish PSN for NJ WEA.
- Finish review of Delaware SAP and approve, approve with modifications, or disapprove.
- Publish FSN for MD WEA.
- Issue research leases for areas within and outside VA commercial lease area.
- VA commercial lease SAP due May 2014.

Southeast

Recent:

- North Carolina Published Call for areas offshore NC in Dec. 2012.
- Georgia Announced availability of Interim Policy (IP) lease Environmental Assessment (EA) for site assessment activities in Apr. 2014.
- Florida Finalized an EA and reached Finding of No Significant Impact for MHK technology testing offshore Florida in Aug. 2013.

Planning and Leasing Activities

Southeast (cont'd)

Upcoming:

- Issue IP lease to Florida Atlantic University for MHK technology testing offshore Florida.
- Announce Area Identification establishing NC WEAs.
- Finalize GA IP lease EA.

Opportunities to Provide Input

- Task Force public Q&A sessions
- NEPA scoping meetings and hearings
- Federal Register notices:
 - Request for Interest (RFI); Notice of Proposed Lease Area and Request for Competitive Interest (RFCI); Call for Information and Nominations (Call); Proposed Sale Notice (PSN)
 - Notice of Intent (NOI) to prepare a NEPA document; draft NEPA document

Thank you!

Maureen A. Bornholdt Maureen.Bornholdt@boem.gov (703) 787-1300

Stage 1: Planning and Analysis

- Establish Intergovernmental Task Force, engage stakeholders
- Publish a Request for Information (RFI)/Call for Information and Nominations (Call)
- Announce Area Identification
- Conduct environmental compliance reviews

Stage 2: Leasing

- Publish leasing notices
 - Determination of No Competitive Interest (Noncompetitive)
 - Proposed and Final Sale Notices (Competitive)
- Issue Lease(s)
 - After environmental reviews are complete
 - Conveys right to submit plans for BOEM's approval
 - Negotiate with single developer (Noncompetitive)
 - Hold lease sale (Competitive)

Stage 3: Site Characterization and Assessment

- Lessee conducts surveys in the lease area (site characterization)
- If lessee intends to install a meteorological tower or buoy, it must submit a Site Assessment Plan (SAP) (site assessment) that BOEM must approve
- Lessee has up to 5 years to conduct these activities

Stage 4: Commercial Development

- Lessee must submit a Construction and Operations Plan (COP) in the first five years of the lease that BOEM must approve
- COP provides details of the proposed project (turbine layout, size, etc.)
- Operations term is typically 25 years
