WEEKLY ACTIVITY REPORT

Enhanced Security Procedures at the Elmwood Tower Building affecting All Visitors

To increase our security posture as well as adhere to Federal security standards, BSEE/BOEM will be implementing some new security procedures at the ETB facility on Tuesday, June 6, 2017.

The north exterior doors to the ETB facility will remain locked at all times.

The south entrance, which also serves as the Visitor Entrance, will remain locked from 4:00 p.m. – 8:00 a.m. From 8:00 a.m. – 4:00 p.m., the south entrance will be unlocked and manned by a security guard.

Located at the south entrance, Security has installed an X-ray machine and magnetometer at the south entrance of the ETB to provide additional screening of visitors. These increased screening measures are required by Federal security standards.

When visitors come to the ETB facility, they must pass through the magnetometer and have any items they are carrying sent through the X-Ray machine. Once the visitor has cleared these screening processes, they then continue to the receptionist to obtain their visitor badge and wait for their escort. Visitors that refuse to comply with screening procedures will be denied access to the facility.

Updated BOEM Forms 0150, 0151 and 0152 are now available at <https://www.boem.gov/BOEM-OCS-Operation-Forms/>.

Designation of Operator: An updated Designation of Operator form, Form BOEM-1123 (January 2017), is now available on our website. **The updated form requires execution by the operator. This form cannot be executed in counterpart.** This form is located at: <https://www.boem.gov/Form-BOEM-1123/>.

Please note that the BOEM GOMR Public Information Data site has a new look!

You can access your Qualification Cards

here: <https://www.data.bsee.gov/Other/DiscMediaStore/ScanCompanyFiles.aspx>

-When entering your Company Number, you will need to add the zeroes. All Company Numbers should be 5 digits long.

You can access your Lease Information here:

<https://www.data.bsee.gov/Other/DiscMediaStore/ScanActiveLeases.aspx>

-When entering your Lease Number in the upper right corner, you will need to start with G and use a five digit number and click "Submit Query".

-To view a specific file, go down to the bottom of the page and then use the arrows to scroll right. Then click on the blue "Pages", under the download column.

To learn more about how to use the new Data Center, you can watch this video tutorial:

<https://www.data.bsee.gov/Main/Tutorials/OnlineQuery.aspx>

BOEM encourages all qualified companies to update its corporate address with the Adjudication Section. This is the address shown on the qualification card. Address changes must be submitted in writing, on company letterhead, indicating a request for a change of address along with the BOEM company name and number.

On May 30, 2016, The Final Rule for Oil and Gas Leasing became effective. The final rule updates and streamlines the existing OCS leasing regulations. The update also reflects that the former Minerals Management Service has reorganized and divided into three separate new organizations. The final rule reorganizes and reorders regulations for clarity, eliminates redundant or otherwise unnecessary text, and adds new definitions and sections to standardize or clarify practices in all three BOEM OCS regional offices.

Notice of Mergers/Name Changes/Changes of Business Form

Qualified entities must notify BOEM of any merger, name change, or change of business form (a/k/a "business conversion"). (§ 556.405). Notice must be provided as soon as practicable, but in no case later than one year after the earlier of the effective date or the date of filing the change or action with the Secretary of State or other authorized official in the State of original registry. (§ 556.405).

Corporate Seal

The final rule retains the provisions of the previous regulations requiring you to use a corporate seal when corporations file qualification documents (§ 556.402), execute bonds (§ 556.902 and Forms BOEM-2028, 2028A and 2030), and execute oil and gas leases (Form BOEM-2005).

However, entities may avoid the use of a corporate seal as follows: Entities may avoid the use of the corporate seal for electronic or non-electronic filing of documents, where it was otherwise required, by a one-time filing of a document containing the entity's corporate seal, signed by an authorized party, and stating that the entity's electronic or non-electronic filings will be legally binding. (§ 556.107)

If the State or territory of incorporation does not issue or require corporate seals, the document need not contain a corporate seal, but must still contain the signature of an authorized person, a statement that the State in which the entity is incorporated does not issue or require corporate seals, and a statement that submissions made by the entity will be legally binding. (§ 556.107)

BOEM Withdraws Sole Liability Orders

Further Review of Complex Financial Assurance Issues Warranted

The Bureau of Ocean Energy Management (BOEM) announced February 17, 2017 that it will withdraw sole liability orders issued to Outer Continental Shelf (OCS) oil and gas lease and grant holders in December to allow time for the new Administration to review the complex financial assurance program. Additionally, any implementation issues associated with those orders will be discussed as part of the ongoing, six-month interactive process BOEM has initiated to gather input on other components of Notice to Lessees (NTL) 2016-N01. However, BOEM may re-issue sole liability orders before the end of the six-month period if it determines there is a substantial risk of nonperformance of the interest holder's decommissioning liabilities. [Read more...](#)

BOEM Guidance on Third Party Guarantees

The Bureau of Ocean Energy Management (BOEM) has released guidance on Third Party Guarantees. The guidance and further details are available on the Risk Management website at: <https://www.boem.gov/Risk-Management>

Please direct any questions to risk.management@boem.gov

GOMR Qualification Cards

Effective August 10, 2016 GOMR Qualification Cards are available online @

<https://www.data.bsee.gov/Other/DiscMediaStore/ScanCompanyFiles.aspx>

(If not using the link, go to www.boem.gov, Statistics and Facts, Data Center, Company Information, Scanned Documents, Company Files)

Query Options

Company Number:	<input type="text"/>	Company Name:	<input type="text"/>
Type:	<input type="text"/>		
Modified Date:	from: <input type="text"/>	to: <input type="text"/>	
Approved/Accepted Date:	from: <input type="text"/>	to: <input type="text"/>	
Imported Date:	from: <input type="text"/>	to: <input type="text"/>	

When entering your Company Number, you will need to add the zeroes. All Company Numbers should be 5 digits. Please be mindful of the modified date on the qual card if you have submitted updates that may be pending. If needed, please email us at boemadjudication@boem.gov regarding your qual card.

Currently qualification “cards” are available for all companies. We are in the process of scanning all qualification files for future online viewing. For your convenience, the scanned qualification file list will be all inclusive and placed on PIDS until all files have been scanned. When all files are scanned it will no longer be included in this report. For a list of qualification files currently available on the above website, see Page 14.

NOTE FROM RISK MANAGEMENT OPERATIONS GROUP - NTL 2016-N01, Requiring Additional Security, has been issued. In order to ensure correspondence and other important information is relayed correctly and timely, the BOEM Risk Management Operations Group (RMOG) requests that Lessees and Operators of Federal Oil and Gas and Sulfur leases, Holders of Pipeline Right-of-Way Grants, and Holders of Right-of-Use and Easement Grants, in the Outer Continental Shelf, provide to RMOG, the following:

1. Names of points of contact for financial assurance/RMOG issues; and
2. Current mailing address, phone number, email address, etc. for such points of contact.

The requested information outlined above should be provided to:

BOEM Risk Management Operations Group
1201 Elmwood Park Boulevard
Mail Stop GM365D
New Orleans, Louisiana 70123

For further information or clarification, please contact Mr. George Tropiano, Program Manager, Risk Management Operations Group at george.tropiano@boem.gov or (504) 736-2792.

IMPORTANT NOTICE

Transfer/Assignment Service Fee Workaround

The final leasing rule issued March 30, 2016, effective May 31, 2016, clarifies that a separate service fee is due for each transfer of an interest in one lease to multiple parties using the same instrument (See § 556.709 and § 556.804).

- You may transfer a record title interest in one lease to multiple parties using the same instrument, but a separate service fee applies to the transfer of an interest to each party (assignee).
- You may assign an operating rights interest in one lease to multiple parties using the same instrument, but a separate service fee applies to the transfer of an interest to each party (assignee).

Pay.gov must be updated in order to efficiently process separate fees where there are multiple transfers of interest in one transfer or assignment instrument. Until pay.gov is updated, BOEM Adjudication requests that you pay for such transfers or assignments (beginning May 31, 2016) using the following method

If there is more than one assignee in the transfer or assignment instrument, you should enter the lease number in the pay.gov screen the number of times that is equal to the number of assignees. For example, if the instrument has four assignees, you should enter the same lease number four times. Please see screenshot attached hereto.

Transfer/Assignment of Economic Interests Service Fee Workaround

The final rule states that you may create, transfer, or assign “economic interests” (See 30 CFR 556.715(s) and 556.808(a)) without BOEM approval. For each lease affected by the instrument filed, you must pay the service fee listed in 30 CFR 556.106. Pay.gov must be updated to create a separate payment screen for economic interest transfers and assignment. Until pay.gov is updated, you should pay for such transfers or assignments using the pay.gov payment screen for “non-required” documents, which reflects the same service fee as required for economic interests.

Thank you for your cooperation. If you have any questions of need further information, please contact Ms. Bernadette Thomas at 504-736-2596.

Pay.gov example of assignment with four assignees (4 x \$198 = \$792.00) Customers should enter the same lease number 4x.

Effective immediately, all new qualifications, mergers, name changes, business conversions, and qualification update letters will be provided via email with an updated qual card. The Adjudication Section will no longer send paper approval letters. Please be sure to include your email address on all cover letters.

❖ **Execution Dates:** The Adjudication Section has received numerous inquiries regarding execution dates on BOEM Forms 0150, 0151, 0152 and 1123. **Written** execution dates on these BOEM forms are accepted by the Adjudication Section.

❖ **Check it out – Leasing & Financial Responsibility Section:** Company Property List and Collateral List Report, an excel spread sheet is available on the BOEM web-site providing a comprehensive list of properties, ownership with liability data, and posted collaterals. This report will be updated each Monday at: http://www.data.boem.gov/homepg/data_center/company/company.asp

As promised at BOEM's National Adjudication Team (A-TEAM) workshop titled "Follow That Form!" An Offshore Lease Adjudication Workshop, a link to the presentation is now available. This presentation includes guidance and tips to properly prepare and submit adjudication actions and provides answers to commonly asked questions. This presentation supersedes any previous presentations. Please find same at: <http://www.boem.gov/BOEM-Adjudication-Workshop/>

The Office of Leasing and Plans web page includes helpful information regarding the Adjudication Section and other related data. Please find this page at: <https://www.data.bsee.gov/>

The weekly "Chief's Notes" can be found on the web at: <http://www.boem.gov/Chief-Notes/> Information will be overwritten weekly. You must print/save the information each week if you wish to retain a copy. Information will not be retained for future distribution. The "Chief's Notes" can also be accessed from the Leasing and Plans Helpful Information page mentioned in the previous note. We will continue to send out the weekly "Chief's Notes" email until March 30, 2016; beyond this date, the "Chief's Notes" will only be found at the above referenced web address.

Clarification of Lease Administration for Central Planning Area Sale 241 and Eastern Planning Area Sale 226 due to the EPA Suspension of Black Elk Energy Offshore Operations, LLC (October 20, 2015) at:

<http://www.boem.gov/Clarification-of-Lease-Administration-for-CPA-241-and-EPA-226/>

❖ On January 22, 2016, at the Hyatt Regency Houston, BOEM's National Adjudication Team (A-TEAM) held a workshop titled "Follow That Form!" An Offshore Lease Adjudication Workshop. The A-Team introduced a mailbox at: boemadjudication@boem.gov for customers to submit requests for assistance. Adjudicators from all three regions have access to this mailbox in order to respond quickly to the needs of our customers. When sending your request to the adjudication mailbox, please be sure to include in the subject line, the type of action your request concerns. Please choose from the following:

- New Qualification
- Qualification Update
- Address Change
- Name Change
- Business Conversion
- Merger
- Merging of Interest
- Record Title
- Operating Rights
- Designation of Operator
- Relinquishment
- Non-Required filings
- Certified Copies

Note - We welcome any comments regarding the workshop to the boemadjudication@boem.gov mailbox. Please use the subject, "Workshop." (01/27/16)

❖ **Notice of Change:** This is a courtesy notification of an upcoming change to BOEM's process for the publication of lease sale notices. Pursuant to Section 19 of the Outer Continental Shelf Lands Act, BOEM's director sends "Section 19" notification letters to the Governors of affected states upon publication of the Proposed and Final Notices of Sale. Previously, the Gulf of Mexico Regional Supervisor has also sent courtesy letters with copies of the Proposed and Final Notices of Sale to the Governors, some of their staff, and other stakeholders. Starting with Central Planning Area Sale 241 and Eastern Planning Area 226, BOEM will no longer send courtesy copies of sale notices. All interested stakeholders may sign up to receive electronic notifications of lease sale notices and other BOEM information at: <https://www.data.bsee.gov/> All lease sale documents are also available on the BOEM website at: <https://www.data.bsee.gov/>

Adjudication Tips: These are removed from the Weekly Activity Report after appearing for a period of 60 days. The date following each tip indicates the start of the 60-day period.

- ❖ **Subject: Special Notice to Elmwood Tower Visitors concerning REAL ID Act Compliance:** You may have heard that starting Monday, July 21, 2014, the BOEM will deny access to our building to people without a state picture ID from a state that is compliant with the requirements of the REAL ID Act. A few states are not in compliance with the law, including Louisiana.

The BOEM GOMR and Bureau of Safety and Environment Enforcement (BSEE) GOMR offices will be open to customers to all those who possess a valid driver's license from any state.

- ❖ **Adjudication and Leasing & Financial Responsibility Office Closures:** The referenced offices, located at 1201 Elmwood Park Boulevard, New Orleans, Louisiana, will be closed for the following holiday(s). No mail delivery or hand-carried documents will be accepted or date-stamped on these days:

2017 Closures

- Monday, September 4th – Labor Day Holiday – Closed
- Monday, October 9th – Columbus Day Holiday – Closed
- Friday, November 10th – Veteran's Day Holiday – Closed
- Thursday, November 23rd – Thanksgiving Holiday – Closed
- Monday, December 25th – Christmas Holiday – Closed

- ❖ **Pending and Approved Assignments:** An online Assignment query is now available on our website at: <https://www.data.bsee.gov/> Assignments can be searched by lease number, area, block number, date received, date returned, and date approved.

To view approved assignment information see the corresponding Serial Register Pages available on our website at: <https://www.data.bsee.gov/> or view the documents on our Public Information Data System at: <https://www.data.bsee.gov/>

- ❖ **Filings for Records Purposes (Both Required and Non-Required):** An online query of filings made for records purposes (both required and non-required) is now available on our website at: <https://www.data.bsee.gov/> Filings made for record purposes (both required and non-required) can be searched by lease number, area, block number, miscellaneous document type, and date received.

Purposes (both required and non-required) see the corresponding information available for viewing on our Public Information Data System at: <https://www.data.bsee.gov/>

Federal Register Notices: The BOEM announces the following notices in the Federal Register:

- **Document No.:** [82-FR-32583](#) – Oil and Gas Lease Sales: Gulf of Mexico, Outer Continental Shelf, 249 – Date: 07/14/17
- **Document No.:** [82-FR-32576](#) – Martin County Hurricane and Storm Damage Reduction Project, Hutchinson Island, Martin County, FL – Date: 07/14/17

IMPORTANT NOTICE
BOEM Final Rule RIN 1010–AD06 30 CFR
Parts 550, 556, 559 and 560
Leasing of Sulfur or Oil and Gas in the Outer Continental Shelf

Potential bidders, lessees, and operators of OCS leases should note the following information with respect to new and revised regulations contained in BOEM’s final rule concerning Title 30 CFR parts 550, 556, 559 and 560. The information provided below is for notification purposes only and is not an exhaustive list of additions or changes and should not be relied upon as a substitute for the regulations. Should you have any questions or need further information, please contact one of the BOEM representatives listed below.

1) Qualifications

The final rule includes qualification requirements for additional types of entities, e.g. limited liability companies and trusts; states that any evidence submitted to qualify must be “acceptable to BOEM” and requires qualified entities to maintain and regularly update BOEM qualification records as to who has the authority to bind the organization whenever that information changes.

2) Notice of Mergers, Name Changes, and Changes to Business Form

The final rule requires qualified entities to notify BOEM of any mergers, name changes or changes to business form as soon as practicable but in no case later than one year after the earlier of the effective date or the date of filing the change or action with the Secretary of State or other authorized official in the State of original registry.

3) Lease Execution Deadline

The final rule states that a successful bidder must execute all copies of the lease, pay the first year’s rental and the balance of the bonus bid (and provide a bond, if needed), and return the lease to BOEM within 11 business days after receipt.

4) Assignments by a Record Title Holder

The final rule provides that a record title owner, subject to BOEM approval, may assign a whole or a partial record title interest in an entire lease, or in any aliquot(s) thereof and may sever all, or a portion of, its operating rights. Within any given aliquot, the record title owner may sublease operating rights for up to a maximum of two depth divisions, which may result in a maximum of three different depth intervals. But, if the one, or two, depth divisions to which operating rights are subleased do not include the entire depth of the lease, whatever depth division(s) has not been subleased remains part of the lessee/sublessor’s record title interest. The depth intervals for which operating rights are subleased must be defined by a beginning and ending depth and the ending of one depth level must be about the beginning of the next depth level, with no gap in between.

5) Lease Segregation

The final rule retains the provision that rental, royalty and minimum royalty provisions apply separately to each segregated portion, but adds that any remaining royalty suspension volume is allocated by BOEM, on a basis that is equitable under the circumstances, but cannot exceed in aggregate the total remaining amount.

6) Assignments by an Operating Rights Owner

The final rule provides that an operating rights owner, subject to BOEM approval, may assign all or part of its operating rights interests and that each instrument that transfers an interest must describe, by officially designated aliquot parts and depth levels, the interest proposed to be transferred.

7) Effective Date of a Transfer or Assignment

The final rule provides that a transfer is effective on the first day of the month after BOEM approves it (not on the first day of the month after it is filed as provided in the previous regulations at 30 CFR § 556.62), unless the parties request an earlier effective date and BOEM approves that earlier date.

8) Transfer/Assignment Rules, Recordation and Service Fees

The final rule contains the following provisions concerning transfers, assignments, recordation and associated service fees.

a. Record Title

- i. You may not transfer record title interest in more than one lease using the same instrument.
- ii. You may not transfer different types of lease interests (i.e. record title and operating rights) in a lease using the same instrument.
- iii. You may transfer a record title interest in one lease to multiple parties using the same instrument, but a separate service fee applies to the transfer of an interest to each party.

b. Operating Rights

- i. You may not assign operating rights interests in more than one lease using the same instrument.
You may assign an operating rights interest in one lease to multiple parties using the same instrument, but a separate service fee applies to the transfer of an interest to each party.
 - a. Economic Interests
- ii. Instead of listing three specific types of interests (carried working interests, overriding royalty interests, or payments out of production), the final rule states that you may create, transfer, or assign “economic interests” (as defined in 30 CFR § 556.105) without BOEM approval.
- iii. For record purposes, you must send BOEM a copy of each instrument creating or transferring economic interests within 90 days after the last party executes the transfer instrument.
- iv. For each lease affected by the instrument filed, you must pay the service fee listed in 30 CFR § 556.106.

Legal Documents Submitted for Record Keeping Purposes Only (“Non-requireds”)

The final rule provides that, for record keeping purposes, you may voluntarily submit legal documents to BOEM for other transactions (other than transfers of economic interests) that do not require BOEM approval. If you submit such documents for record purposes, you must pay the service fee for each lease affected.

9) Corporate Seal

The final rule retains the requirement to use a corporate seal when corporations file qualification documents (30 CFR § 556.402), execute bonds (30 CFR § 556.902 and Forms BOEM-2028, 2028A and 2030), and execute oil and gas leases (Form BOEM-2005). Under the final rule, entities may avoid the use of the corporate seal for electronic or non-electronic filing of documents, where it was otherwise required, by a one-time filing of a document containing the entity’s corporate seal, signed by an authorized party, and stating that the entity’s electronic or non-electronic filings will be legally binding. If the State or territory of incorporation does not issue or require corporate seals, the document need not contain a corporate seal, but must still contain the signature of an authorized person, a statement that the State in which the entity is incorporated does not issue or require corporate seals, and a statement that submissions made by the entity will be legally binding. BOEM does not require a standard form to be used to comply with the provisions above.

10) Bonding

The final rule does not include substantive changes to the bonding regulations, which will be the subject of a separate new proposed rulemaking.

1) Service Fees

The final rule clarifies that a separate service fee is due for each transfer of an interest in one lease to multiple parties using the same instrument (§ 556.709 and § 556.804) and provides that service fees apply equally to any document or information submitted electronically pursuant to part 560, subpart E. (§ 556.106(f)). The final rule updates the service fee table as follows:

Service Fee Table (§ 556.106)

	Fee amount	30 CFR citation
Service—processing of the following:		
(1) Assignment of record title interest in Federal oil and gas lease(s) for BOEM approval.	\$198	§ 556.701(a)

(2) Sublease or Assignment of operating rights interest in Federal oil and gas lease(s) for BOEM approval.	\$198	§ 556.801(a)
(3) Required document filing for record purpose, but not for BOEM approval (i.e., documents that create, transfer or assign “economic interests”)	\$29	§ 556.715(a) § 556.808(a)
(4) Non-required document filing for record purposes (i.e., other legal documents for transactions that do not require BOEM approval)	\$29	§ 556.715(b) § 556.808(b)
