Correction to FINAL NOTICE OF OCS SALE 174 Western Gulf of Mexico August 25, 1999

The Final Notice of Sale for Sale 174 was published in the Federal Register on July 16, 1999, at 64 FR 38468. The Sale Notice Package of supporting documents and maps was made available that day.

Subsequent to that publication, the Navy requested deferring four additional blocks adjacent to an already deferred area used for testing and training by the Navy's Mine Warfare command in Corpus Christi, Texas. The MMS agreed, and this was announced in the Federal Register on August 6, 1999, at 64 FR 42961.

Therefore, although listed in the Sale Notice Package as unleased and available for bidding, the following four blocks have been deferred from Sale 174:

Mustang Island Area Blocks 775, 798, 821, and 822

Any bids received on these blocks will be returned unopened to the submitter.

For more information on this FNOS, potential bidders are advised to contact Mr. Charles Hill of the MMS GOM OCS Region Sales and Support Unit at (504) 736-2795.
