

EXAMPLE OF PREFERRED FORMAT

GEOPHYSICAL DATA AND INFORMATION STATEMENT (GDIS)

Please complete the GDIS form by providing contact information, checking option A and/or option B, answering the relevant questions concerning the option chosen, having a company official sign the document, and returning to Minerals Management Service. For each block identified in option A, please identify each survey in the example spreadsheet and fill out the requested associated metadata.

Primary Company Contact

Name: _____
Title: _____
Phone: _____
Email: _____

Alternate Company Contact

Name: _____
Title: _____
Phone: _____
Email: _____

____**A.** (Company Name and MMS Qualification Number) possesses or controls enhanced geophysical data and information used in the evaluation of the following block(s) bid upon in OCS Lease Sale Number _____.

AREA/BLOCK: _____

____**B.** (Company Name and MMS Qualification Number) does not possess or control enhanced geophysical data and information that was used in the evaluation of the following block(s) bid upon in OCS Lease Sale Number_____.

AREA/BLOCK: _____

Signature of Company Official

Signature: _____
Name (Print): _____
Title: _____
Date: _____

Additional Instructions:

- “Contact Person” and “Alternate Contact” should be someone knowledgeable about the data sets identified as used in evaluating the block(s), in a position to expedite the delivery of the information/data and be available up to 30 days after the sale date.
- “Area/Block” means the OCS Area and Block bid upon in the sale.
- “Data Type” means whether the data is 2-D or 3-D, pre-stack or post-stack and time or depth, amplitude with offset (AVO), inversion or other enhanced processing.
- “Migration Algorithm Used” means the type of migration (i.e. Kirchhoff, beam, wave equation, etc) that has been used to create the data.
- “Data Extent” means the number of line miles of 2D or the number of blocks of 3D of the data set identified.
- “Processing Company” means the party who has processed the enhanced data identified under data type that has been used to evaluate the block(s). If the processing was done internally please answer “In-house”. If the depth processing was not done in-house, please name the company that did do the processing.
- “Owner of Enhanced Data” means that you should indicate if the original data is proprietary to your company or if it is owned by another party. Please answer proprietary if the data is owned by your company. If the data is not owned by your company, please answer with the name of the data owner.
- “Date Processing Completed” means the month, day and year that the processing was actually completed.
- “Owner of Original Data” means that you should indicate if the original data is proprietary to your company or if it is owned by another party. Please answer proprietary if the data is owned by your company. If the data is not owned by your company, please answer with the name of the data owner. May not be applicable if the data identified is not reprocessed.
- “Original Data Survey Name” means that you should indicate the name of original survey data. May not be applicable if the data identified is not reprocessed.
- “Permit Number” means the original permit number given by MMS when the original survey was first acquired. This number can be obtained from the data owner.
- Company official means an official in accordance with signatory authorization on file in MMS Gulf of Mexico Region Adjudication Unit.
- If you have any questions, please contact Ron Brinkman at (504)736-2720.
