

## Vineyard Northeast Offshore Wind Project

# What to Expect at the In-Person Open House Public Meetings

The public will be welcome to attend from 5:00 PM until 9:00 PM. No pre-registration is required.

The meetings will follow an informal, open-house format. After checking in at the registration desk, attendees can visit stations to view project information posters staffed by BOEM subject matter experts. The BOEM team can share information and answer questions in their areas of expertise.

Attendees can also view pre-recorded video presentations providing a project description and descriptions of expected impacts that will be played continuously from 5:00 PM until 9:00 PM.

The goal of the meeting is to help attendees provide written comments for the record. This can be done by using a provided comment form, providing oral comments by meeting individually with a court reporter for up to five minutes each, or at any time during the comment period by submitting comments to [www.regulations.gov](http://www.regulations.gov) or by sending written comments to BOEM. If additional accommodations are needed at the in-person meeting, please contact [boempublicaffairs@boem.gov](mailto:boempublicaffairs@boem.gov) or call 703-787-1520 seven days prior to the in-person meeting date.

During each virtual meeting, BOEM will provide an overview presentation, after which members of the public may make formal oral public statements for the record.

All lines will be muted during the meeting until individuals are called on by the meeting facilitator to provide comments in front of all attendees. Attendees can ask clarifying questions to BOEM staff through the webinar Q&A function, which will be addressed after the public statements. All comments and questions received during the public meeting will be part of the public record.

Registration for the virtual public meetings may be completed by using the links above, or through the BOEM website at <https://www.boem.gov/renewable-energy/state-activities/vineyard-northeast>, or by using the dial-in number, webinar ID, and passcode provided above for each meeting.
