### Bureau of Ocean Energy Management

#### Gulf of America Outer Continental Shelf Oil and Gas Lease Sale 262

**AGENCY:** Bureau of Ocean Energy Management, Interior.

**ACTION:** Proposed Notice of Sale

**SUMMARY:** The Bureau of Ocean Energy Management (BOEM) proposes to open and publicly announce bids received for blocks offered in the Gulf of America<sup>1</sup> (GOA) Outer Continental Shelf (OCS) Oil and Gas Lease Sale 262 (GOA Lease Sale 262), in accordance with the Outer Continental Shelf Lands Act (OCSLA), as amended, and its implementing regulations. The GOA Lease Sale 262 Proposed Notice of Sale (NOS) package contains information essential to potential bidders, including Information to Lessees and Lease Stipulations.

**DATES:** BOEM proposes to hold GOA Lease Sale 262 at 9:00 a.m. on Wednesday, December 10, 2025. All times referred to in this document are Central time, unless otherwise specified.

*Bid submission deadline:* BOEM must receive all sealed bids prior to the bid submission deadline of 10:00 a.m. on Tuesday, December 9, 2025, the day before the lease sale. For more information on bid submission, see Section VII of this document, “Bidding Instructions.”

**ADDRESSES:** Interested parties may download the Proposed NOS package from BOEM’s website at <http://www.boem.gov/Sale-262/>. Copies of the sale maps can be obtained by contacting the BOEM GOA Region:

- Any remaining blocks in which the status of existing leases is under appeal, if the lease status is not resolved before publication of the Final NOS.**

The final list of blocks available for bid will be posted on BOEM's website at <https://www.boem.gov/Sale-262>.

## II. Statutes and Regulations

Each lease is issued pursuant to OCSLA, 43 U.S.C. §§ 1331 *et seq.*, as amended, and is subject to OCSLA implementing regulations promulgated pursuant thereto in 30 CFR part 556, and other applicable statutes and regulations in existence upon the effective date of the lease, as well as those applicable statutes enacted and regulations promulgated thereafter, except to the extent that the after-enacted statutes and regulations explicitly conflict with an express provision of the lease. Each lease is subject to amendments to statutes and regulations, including but not limited to OCSLA, that do not explicitly conflict with an express provision of the lease. The lessee expressly bears the risk that such new or amended statutes and regulations (i.e., those that do not explicitly conflict with an express provision of the lease) may increase or decrease the lessee's obligations under the lease. BOEM reserves the right to reject any and all bids received, regardless of the amount offered (see 30 CFR 556.516).

### III. Lease Terms and Economic Conditions

#### OCS Lease Form

BOEM will use Form BOEM-2005 (February 2017) to convey leases resulting from this sale. This lease form can be viewed on BOEM's website at <http://www.boem.gov/BOEM-2005>. The lease form will be amended to include specific terms, conditions, and stipulations applicable to the individual lease. The proposed terms, conditions, and stipulations applicable to this sale are below.

#### Notice to Potential Bidders Regarding Proposed Lease Sale Terms and Conditions

Potential bidders should be advised that the terms, conditions, and stipulations described in this Proposed NOS are subject to change. Congress may enact legislation through reconciliation efforts sometime after publication of this Proposed NOS. This legislation could change certain provisions that would require BOEM to implement specific fiscal terms or modify other terms and conditions for leases offered in Lease Sale 262. The legislation might also provide more flexibility on settling lease sale terms and conditions, such as the ability to consider lower royalty rates. Should it become necessary to change fiscal terms or other terms and conditions for Lease Sale 262 to comply with any legislation passed by Congress, BOEM will announce the changes in the Final NOS.

#### Proposed Primary Terms

Primary terms are summarized in the following table:

Water Depth (Meters)	Primary Term
0 to < 400	The primary term is 5 years; the lessee may earn an additional 3 years (i.e., for an 8-year extended primary term) if a well is spudded targeting hydrocarbons below 25,000 feet True Vertical Depth Subsea (TVDSS) during the first 5 years of the lease.
400 to < 800	The primary term is 5 years; the lessee will earn an additional 3 years (i.e., for an 8-year extended primary term) if a well is spudded during the first 5 years of the lease.
800 +	10 years

1. The primary term for a lease in water depths less than 400 meters issued as a result of this sale is 5 years. If the lessee spuds a well targeting hydrocarbons below 25,000 feet TVDSS within the first 5 years of the lease, then the lessee may earn an additional 3 years, resulting in an 8-year primary term. The lessee will earn the 8-year primary term when the well is drilled to a target below 25,000 feet TVDSS; or, the lessee may earn the 8-year primary term in cases where the well targets, but does not reach, a depth below 25,000 feet TVDSS due to mechanical or safety reasons that are beyond the lessee's control, and that are supported by sufficient evidence from the lessee. To earn the 8-year primary term, the lessee is required to submit a letter to the BOEM GOA Regional Supervisor, Office of Leasing and Plans, as soon as practicable, but no more than 30 days after completion of the drilling operation, providing the well number, spud date, information demonstrating a target below 25,000 feet TVDSS and whether that target was reached, and if applicable, any safety or mechanical reasons encountered that prevented the well from reaching a depth below 25,000

feet TVDSS. In the letter, the lessee must request confirmation from BOEM that the lessee earned the 8-year primary term. The BOEM GOA Regional Supervisor for Leasing and Plans will confirm in writing, within 30 days of receiving the lessee's letter, whether the lessee has earned the extended primary term and accordingly update BOEM's records. The extended primary term is not effective unless and until the lessee receives confirmation from BOEM. A lessee that has earned the 8-year primary term by spudding a well with a hydrocarbon target below 25,000 feet TVDSS during the standard 5-year primary term of the lease will not be granted a suspension for that same period under the regulations at 30 CFR 250.175 because the lease is not at risk of expiring.

2. The primary term for a lease in water depths ranging from 400 meters to less than 800 meters issued because of this sale is 5 years. If the lessee spuds a well within the 5-year primary term of the lease, the lessee may earn an additional 3 years, resulting in an 8-year primary term. To earn the 8-year primary term, the lessee is required to submit a letter to the BOEM GOA Regional Supervisor, Office of Leasing and Plans, as soon as practicable, but no more than 30 days after spudding a well, providing the well number and spud date, and requesting confirmation from BOEM that the lessee earned the 8-year extended primary term. Within 30 days of receipt of the request, the BOEM GOA Regional Supervisor for Leasing and Plans will provide written confirmation of whether the lessee has earned the extended primary term and accordingly update BOEM's records. The extended primary term is not effective unless and until the lessee receives confirmation from BOEM.
3. The primary term for a lease in water depths 800 meters or deeper issued as a result of this sale is 10 years.

#### **Proposed Minimum Bonus Bid Amounts**

BOEM will not accept a bonus bid unless it provides for a cash bonus in an amount equal to or exceeding the specified minimum bid, as described below.

- \$25 per acre or fraction thereof for blocks in water depths less than 400 meters; and
- \$100 per acre or fraction thereof for blocks in water depths 400 meters or deeper.

#### **Proposed Rental Rates**

Annual rental rates, per acre or fraction thereof, are summarized in the following table:

<b>Water Depth (Meters)</b>	<b>Years 1–5</b>	<b>Year 6</b>	<b>Year 7</b>	<b>Year 8+</b>
0 to < 200	\$10	\$20	\$30	\$40
200 to < 400	\$16	\$32	\$48	\$64
400 +	\$16	\$22	\$22	\$22

#### **Proposed Escalating Rental Rates for Leases with an 8-Year Primary Term in Water Depths Less Than 400 Meters**

Any lessee with a lease in less than 400 meters water depth who earns an 8-year primary term will pay an escalating rental rate as shown above. The rental rates after the fifth year for blocks in less than 400 meters water depth will become fixed and no longer escalate if another well is spudded targeting hydrocarbons below 25,000 feet TVDSS after the fifth year of the lease, and BOEM concurs that such a well has been spudded. In this case, the rental rate will become fixed at the rental rate in effect during the lease year in which the additional well was spudded.

**Proposed Minimum Royalty Rate**

- \$10 per acre or fraction thereof per year for blocks in water depths less than 200 meters; and
- \$16 per acre or fraction thereof per year for blocks in water depths 200 meters or deeper.

**Proposed Royalty Rate**

- 16  $\frac{2}{3}$  percent for blocks in all water depths.

**Proposed Royalty Suspension Provisions**

The Department may issue leases with Royalty Suspension Volumes (RSVs) and other forms of royalty relief under 30 CFR part 560, which BOEM administers. The specific details relating to eligibility and implementation of RSVs and other royalty relief programs are found at 30 CFR part 203, which the Bureau of Safety and Environmental Enforcement administers.

**Proposed RSV on Gas Production from Ultra-deep Wells**

Pursuant to 30 CFR part 203, certain leases issued because of this sale may be eligible for RSV incentives on gas produced from ultra-deep wells. Under this program, wells on leases in less than 400 meters water depth and completed to a drilling depth of 20,000 feet TVDSS or deeper receive an RSV of 35 billion cubic feet on the production of natural gas. This RSV incentive is subject to applicable price thresholds set forth in the regulations at 30 CFR part 203. These regulations implement the requirements of the Energy Policy Act of 2005 (Pub. L. No. 109-58, 119 Stat. 594 (2005)).

## **IV. Lease Stipulations**

One or more of the stipulations below may be applied to leases issued as a result of this sale. The applicable blocks for each stipulation are identified on the map “Proposed Notice of Sale, Gulf of America OCS Oil and Gas Lease Sale 262, December 2025, Stipulations and Deferred Blocks” included in the Proposed NOS package. The full text of the following stipulations is contained in the “Lease Stipulations” section of the Proposed NOS package. BOEM will announce a final decision on the sale, including the sale area and applicable stipulations, in the Final NOS. BOEM will post the final list of blocks available for bid and the applicable stipulations that apply to those blocks on its website at <https://www.boem.gov/Sale-262/> under the Final NOS tab. Bidders should be advised that existing Stipulations 1 through 3 (as listed below) may be applied to leases issued on additional lease blocks, and new stipulations may be applied to certain lease blocks offered in Lease Sale 262 as a result of ongoing discussions with the Department of Defense.

1. Military Areas
2. Evacuation
3. Coordination
4. Protected Species
5. Topographic Features
6. United Nations Convention on the Law of the Sea Royalty Payment
7. Agreement between the United States and Mexico Concerning Transboundary Hydrocarbon Reservoirs
8. Live Bottom
9. Blocks South of Baldwin County, Alabama

10. Restrictions due to Rights-of-Use and Easement for Floating Production Facilities
11. Royalties on All Produced Gas

## **V. Information to Lessees**

Information to Lessees (ITLs) provide detailed information on certain issues pertaining to specific oil and gas lease sales. The full text of the ITLs for this sale is contained in the “Information to Lessees” section of the Proposed NOS package and covers the following topics. BOEM will announce a final decision on the sale, including the sale area and applicable ITLs, in the Final NOS.

1. Navigation Safety
2. Ordnance Disposal Areas
3. Existing and Proposed Artificial Reefs/Rigs-to-Reefs
4. Lightering Zones
5. Indicated Hydrocarbons List
6. Military Areas
7. Bureau of Safety and Environmental Enforcement Inspection and Enforcement of Certain U.S. Coast Guard Regulations
8. Significant Outer Continental Shelf Sediment Resource Areas
9. Notice of Arrival on the Outer Continental Shelf
10. Bidder/Lessee Notice of Obligations Related to Criminal/Civil Charges and Offenses, Suspension, or Debarment; Disqualification Due to a Conviction under the Clean Air Act or the Clean Water Act
11. Protected Species
12. Expansion of the Flower Garden Banks National Marine Sanctuary
13. Communication Towers
14. Deepwater Port Applications for Offshore Oil and Liquefied Natural Gas Facilities
15. Ocean Dredged Material Disposal Sites
16. Rights-of-Use and Easement
17. Industrial Waste Disposal Areas
18. Gulf Islands National Seashore
19. Air Quality Permit/Plan Approvals
20. Provisions Pertaining to Certain Transactions by Foreign Persons Involving Real Estate in the United States

## **VI. Maps**

The maps pertaining to this proposed lease sale can be viewed on BOEM’s website at <http://www.boem.gov/Sale-262>. The following maps also are included in the Proposed NOS package:

### **Proposed Sale Area Map**

The sale area is shown on the map entitled, “Proposed Notice of Sale, Gulf of America OCS Oil and Gas Lease Sale 262, December 10, 2025, Proposed Sale Area.”

## **Proposed Lease Terms and Economic Conditions Map**

The lease terms and economic conditions associated with leases of certain blocks are shown on the map entitled, “Proposed Notice of Sale, Gulf of America Oil and Gas Lease Sale 262, December 10, 2025, Lease Terms and Economic Conditions.”

## **Proposed Stipulations and Deferred Blocks Map**

The lease stipulations and the blocks to which they apply are shown on the map entitled, “Proposed Notice of Sale, Gulf of America OCS Oil and Gas Lease Sale 262, December 10, 2025, Stipulations and Deferred Blocks.”

## **VII. Bidding Instructions**

Bids may be submitted BY MAIL ONLY through any parcel delivery service (e.g., FedEx, UPS, USPS, DHL) at the address below in the “Mailed Bids” section. Bidders should be aware that BOEM has eliminated in-person bidding for GOA Lease Sale 262. Instructions on how to submit a bid, secure payment of the advance bonus bid deposit (if applicable), and the information to be included with the bid are as follows:

### **Bid Form**

For each block bid upon, a separate sealed bid must be submitted in a sealed envelope (as described below) and include the following items:

- Total amount of the bid in whole dollars only;
- Sale number;
- Sale date;
- Each bidder’s exact name;
- Each bidder’s proportionate interest, stated as a percentage, using a maximum of five decimal places (e.g., 33.33333 percent);
- Typed name and title, and signature of each bidder’s authorized officer. Electronic signatures are acceptable. The typed name, title, and signature must agree exactly with the name and title on file in the BOEM Gulf of America OCS Region Adjudication Section;
- Each bidder’s BOEM qualification number;
- Map name and number or OPD name and number;
- Block number; and
- Statement acknowledging that the bidder(s) understands that this bid legally binds the bidder(s) to comply with all applicable regulations, including the requirement to post a deposit in the amount of one-fifth of the bonus bid amount for any tract bid upon and make payment of the balance of the bonus bid and first year’s rental upon BOEM’s acceptance of high bids.

The information required for each bid is specified in the document “Bid Form” that is available in the Proposed NOS package, which can be found at <https://www.boem.gov/Sale-262>. A blank bid form is provided in the Proposed NOS package for convenience and can be copied and completed with the necessary information described above.

### **Bid Envelope**

Each bid must be submitted in a separate sealed envelope labeled as follows:

- “Sealed Bid for GOA Lease Sale 262, not to be opened until 9 a.m. Wednesday December 10, 2025”;
- Map name and number or OPD name and number;
- Block number for block bid upon;
- Acreage, if the bid is for a block that is split between the Central and Eastern Planning Areas;
- The exact name and qualification number of the submitting bidder only.

The Proposed NOS package includes a sample bid envelope for reference.

## **Mailed Bids**

Please address the envelope containing the sealed bid envelope(s) as follows:

Attention: Leasing and Financial Responsibility Section  
BOEM New Orleans Office  
1201 Elmwood Park Boulevard MS-266A  
New Orleans, Louisiana 70123-2394

**Contains Sealed Bids for GOA Lease Sale 262**

**Please Deliver to Mr. Greg Purvis**

**2nd Floor, Immediately**

**Please Note:** Bidders are advised to inform BOEM by email at [BOEMGulfLeaseSales@boem.gov](mailto:BOEMGulfLeaseSales@boem.gov) immediately after placing bid(s) in the mail. This provides advance notice to BOEM regarding pending bids prior to the bid submission deadline. In the email, please state the tracking number of the bid package, the number of bids being submitted, and the email address of the person who should receive the bid receipt for signature. If BOEM receives bids later than the bid submission deadline, the BOEM GOA Regional Director (RD) will return those bids unopened to bidders. Please see “Section XI, Delay of Sale,” regarding BOEM’s discretion to extend the bid submission deadline in the case of an unexpected event (e.g., flooding) and how bidders can obtain more information on such extensions.

## **Advance Bonus Bid Deposit Guarantee**

Bidders that are not currently an OCS oil and gas lease record title holder or designated operator, or those that have ever defaulted on a one-fifth bonus bid deposit, must guarantee (secure) the payment of the one-fifth bonus bid deposit, by Electronic Funds Transfer (EFT) or otherwise, **prior to** bid submission using one of the following four methods:

- Provide a third-party guarantee;
- Amend a development stage area-wide bond via bond rider;
- Provide a letter of credit; or
- Provide a lump sum payment in advance via EFT.

Please provide, at the time of bid submittal, a confirmation or tracking number for the payment, the name of the company submitting the payment as it appears on the payment, and the date the payment was submitted so that BOEM can confirm the payment with the Office of Natural Resources Revenue (ONRR). Bidders should submit payments to their financial institution at least 5-business days prior to bid submittal to ensure that the Office of Foreign Assets Control and the U.S. Department of the Treasury (U.S. Treasury) have time to screen and process payments and that payments are posted to ONRR prior to placing the bid. ONRR cannot confirm

payment until the monies have been moved into settlement status by the U.S. Treasury. Bids will not be accepted if BOEM cannot confirm payment with ONRR.

If providing a third-party guarantee, amending a development stage area-wide bond via bond rider, or providing a letter of credit to secure your one-fifth bonus bid deposit, bidders are urged to file these documents with BOEM well in advance of submitting the bid. This allows processing time and ensures bidders have time to take any necessary curative actions prior to bid submission. For more information on EFT procedures, see Section X, “The Lease Sale.”

## Geophysical Data and Information Statement (GDIS)

The GDIS is composed of four parts:

1. A “Statement” page that includes the company representatives’ information and separate lists of blocks bid on that used proprietary data and those blocks bid upon that did not use proprietary data;
2. A “Table” listing the required data about each proprietary survey used (see below);
3. “Maps,” which contain the live trace maps for each proprietary survey and fast-track survey that are identified in the GDIS statement and table; and
4. Proprietary geophysical and fast-track data need to be submitted along with the GDIS.

Every bidder submitting a bid on a block in GOA Lease Sale 262 or participating as a joint bidder in such a bid must submit at the time of bid submission all four parts of the GDIS. A bidder must submit the GDIS *even if a joint bidder or bidders on a specific block also have submitted a GDIS*. Any speculative data that has been reprocessed externally or “in-house” is considered proprietary due to the proprietary processing and is no longer considered to be speculative.

The bidder and joint bidder must submit the GDIS in a separate and sealed envelope and must identify all proprietary data; reprocessed speculative data, and/or any Controlled Source Electromagnetic surveys, Amplitude Versus Offset (AVO) data, gravity data, and/or magnetic data; or other data or information used as part of the decision to bid or participate in a bid on the block.

The bidder and joint bidder must also include a live trace map (e.g., .pdf and ArcGIS shapefile) for each proprietary survey identified in the GDIS illustrating the actual areal extent of the proprietary geophysical data in the survey (see the “Example of Preferred Format” that is included in the Proposed NOS package for additional information). The shape file must not include cultural resources information; only the live trace map of the survey itself.

The GDIS statement must include the name, phone number, and full address for a contact person and an alternate, who are both knowledgeable about the geophysical information and data listed and who are available for 30 days after the sale date. The GDIS statement must also include a list of all blocks bid upon, including those blocks where no proprietary or reprocessed geophysical data and/or proprietary information was used, as a basis for the bidder’s decision to bid or to participate as a joint bidder in the bid. **All bidders must submit the GDIS statement even if no proprietary geophysical data or information was used in its bid preparation for the block.**

An example of the preferred format of the table is included in the Proposed NOS package, and a blank digital version of the preferred table can be accessed on the GOA Lease Sale 262 website at <http://www.boem.gov/Sale-262>. The GDIS table should have columns that clearly state the following:

- The sale number;
- The bidder company's name;
- The joint bidder's company's name (if applicable);
- The company providing proprietary data to BOEM;
- The block area and block number bid upon;
- The owner of the original data set (i.e., who initially acquired the data);
- The industry's original name of the survey (e.g., E Octopus);
- The BOEM permit number for the survey;
- Whether the data set is a fast-track version; BOEM will request all fast-track data;
- Whether the data is speculative or proprietary;
- The data type (e.g., 2-D, 3-D, or 4-D; pre-stack or post-stack; time or depth);
- The migration algorithm (e.g., Kirchhoff migration, wave equation migration, reverse migration, reverse time migration) of the data and areal extent of bidder survey (i.e., number of line miles for 2-D or number of blocks for 3-D);
- The live proprietary survey coverage (2-D miles 3-D blocks);
- The computer storage size, to the nearest gigabyte, of each seismic data and velocity volume used to evaluate the lease block;
- Who reprocessed the data;
- Date the final reprocessing was completed (month and year);
- If the data was previously sent to BOEM, list the sale number and date of the sale for which it was used;
- Whether proprietary or speculative AVO/AVA (PROP/SPEC) was used;
- Date AVO or AVA was sent to BOEM if sent prior to the sale;
- Whether AVO/AVA is time or depth (PSTM or PSDM);
- Which angled stacks were used (e.g., NEAR, MID, FAR, ULTRAFAR);
- Whether the company used Gathers to evaluate the block in question; and
- List of other Geophysical Data methods used to evaluate the bid block (Inversion, Modeling, Illumination, Grav, Mag, etc.).

BOEM will use the computer storage size information to estimate the reproduction costs for each data set, if applicable. BOEM will determine the availability of reimbursement of production costs consistent with 30 CFR 551.13.

BOEM reserves the right to inquire about alternate data sets, perform quality checks, and compare the listed and alternative data sets to determine which data set most closely meets the needs of the fair market value determination process. See the "Example of Preferred Format" that is included in the Proposed NOS package.

The GDIS maps are live trace maps (e.g., .pdf and ArcGIS shapefiles) that bidders should submit for each proprietary survey identified in the GDIS table. The maps should illustrate the actual areal extent of the proprietary geophysical data in the survey (see the "Example of Preferred Format" that is included in the Proposed NOS package for additional information). As previously

stated, the shapefile must not include cultural resource information, only the live trace map of the survey itself.

Pursuant to 30 CFR 551.12 and 556.501, as a condition of the sale, the BOEM GOA RD requests that all bidders and joint bidders submit the proprietary data and fast-track data identified on their GDIS at the time of the lease sale (unless notified after the lease sale that BOEM has withdrawn the request). This request only pertains to proprietary data and fast-track data that is not commercially available. Commercially available data should not be submitted to BOEM unless specifically requested by BOEM. BOEM requires all data that are considered proprietary and fast-track to be submitted for the evaluation of the bid blocks. Pursuant to 30 CFR part 551 and 30 CFR 556.501, as a condition of this sale, all bidders that are required to submit data must ensure that the data are received by BOEM along with the GDIS for the lease sale.

The proprietary and fast-track data must be submitted to BOEM at the following address:

Bureau of Ocean Energy Management  
Resource Studies, GM 881A  
1201 Elmwood Park Blvd.  
New Orleans, Louisiana 70123-2304

BOEM recommends that bidders mark the submission's external envelope as "Deliver Immediately to DASPU." BOEM also recommends that bidders submit the GDIS data in an internal envelope, or otherwise marked, with the following designation: "Geophysical Data and Information Statement for Oil and Gas Lease Sale 262", Company Name, GOA Company Qualification Number, and "Proprietary Data."

In the event a person supplies any type of data to BOEM, that person must meet the following requirements to qualify for reimbursement:

1. Must be registered with the System for Award Management (SAM), formerly known as the Central Contractor Registration (CCR). CCR usernames will not work in SAM. A new SAM user account is needed to register or update an entity's records. The website for registering is [SAM.gov](https://sam.gov).
2. Must be enrolled in the U.S. Treasury's Invoice Processing Platform (IPP) for electronic invoicing; to enroll go to <https://www.ipp.gov/>. Access then will be granted to use the IPP for submitting requests for payment. When submitting a request for payment, the assigned Purchase Order Number must be included.
3. Must have a current Online Representations and Certifications Application at [SAM.gov](https://sam.gov).

**Please Note:** Digital copies and duplicate hardcopies should be submitted for the GDIS Statement, Table and Maps. The GDIS Statement should be sent in as a digital PDF. The GDIS Information Table must be submitted digitally as an Excel spreadsheet. The proprietary data and fast-track data maps should be sent in as PDF files and the live trace outline of each proprietary survey and fast-track survey should also be submitted as a shapefile. Please flatten all layered PDF files, since layered PDFs can have many objects. Layered PDFs can cause problems opening or printing the file correctly. Bidders may submit the digital files on a CD, DVD, or any USB external drive (formatted for Windows). If bidders have any questions, please contact Ms. Dee Smith at (504) 736-2706, or Ms. Teree Campbell at (504) 736-3231.

Bidders should refer to the “Acceptance, Rejection, or Return of Bids” heading under Section X, “The Lease Sale,” regarding a bidder’s failure to comply with the requirements of the Final NOS, including any failure to submit the information required in the Final NOS package.

### **Telephone Numbers/Addresses of Bidders**

BOEM requests that bidders provide this information in the suggested format prior to or at the time of bid submission. The suggested format is included in the Proposed NOS package. The form must not be enclosed inside the sealed bid envelope.

### **Additional Documentation**

BOEM may require bidders to submit other documents in accordance with 30 CFR 556.107, 556.401, 556.501, and 556.513.

## **VIII. Bidding Rules and Restrictions**

### **Restricted Joint Bidders**

On April 29, 2025, BOEM published the most recent List of Restricted Joint Bidders in the *Federal Register* (90 FR 17832). Potential bidders are advised to refer to the *Federal Register* prior to bidding for the most current list at the time of the lease sale. Please refer to the joint bidding provisions at 30 CFR 556.511-556.515.

### **Authorized Signatures**

All signatories executing documents on behalf of the bidder(s) must execute the same in conformance with the BOEM qualification records. Bidders are advised that BOEM considers the signed bid to be a legally binding obligation on the part of the bidder(s) to comply with all applicable regulations, including that requiring payment of one-fifth of the bonus bid on all high bids. A statement to this effect is included on each bid form (see the document “Bid Form” that is included in the Proposed NOS package).

### **Unlawful Combination or Intimidation**

BOEM warns bidders against violation of 18 U.S.C. § 1860, which prohibits unlawful combination or intimidation of bidders.

### **Bid Withdrawal**

Bids may be withdrawn only by written request delivered to BOEM prior to the bid submission deadline via any parcel delivery service. Withdrawals will not be accepted in person or via email. The withdrawal request must be on company letterhead and must contain the bidder’s name, its BOEM qualification number, the map name and number, and the block number(s) of the bid(s) to be withdrawn. The withdrawal request must be executed by one or more of the representatives named in the BOEM qualification records. The name and title of the authorized signatory must be typed under the signature block on the withdrawal request. The BOEM GOA RD, or the RD’s designee, will indicate approval by signing and dating the withdrawal request.

### **Bid Rounding**

Minimum bonus bid calculations, including rounding, for all blocks are shown in the document “List of Blocks Available for Leasing” that will be included in the Final NOS package. The

bonus bid amount must be stated in whole dollars. If the acreage of a block contains a decimal figure, then prior to calculating the minimum bonus bid, BOEM will round up to the next whole acre. The appropriate minimum rate per acre will be applied to the whole (rounded up) acreage. The bonus bid amount must be greater than or equal to the minimum bonus bid, as calculated and stated in the Final NOS package.

## **IX. Forms**

The Proposed NOS package includes instructions, samples, and/or the preferred format for the items listed below. BOEM strongly encourages bidders to use the recommended formats. If bidders use another format, they are responsible for including all the information specified for each item in the Final NOS package.

1. Bid Form
2. Sample Completed Bid
3. Sample Bid Envelope
4. Sample Bid Mailing Envelope
5. Telephone Numbers/Addresses of Bidders Form
6. GDIS Form
7. GDIS Envelope Form

## **X. The Lease Sale**

### **Bid Opening and Reading**

Sealed bids received in response to the Final NOS will be opened at the place, date, and hour specified under the “DATES” and “ADDRESSES” sections of the Final NOS. The venue will not be open to the public. Instead, the bid opening will be available for the public to view on BOEM’s website at [www.boem.gov](http://www.boem.gov) via live streaming. The opening of the bids is for the sole purpose of publicly announcing and recording the bids received; no bids will be accepted or rejected at that time.

### **Bonus Bid Deposit for Apparent High Bids**

Each bidder submitting an apparent high bid must submit a bonus bid deposit to ONRR equal to one-fifth of the bonus bid amount for each such bid. A copy of the notification of the high bidder’s one-fifth bonus bid amount can be obtained on the BOEM website at <http://www.boem.gov/Sale-262> under the heading “Notification of EFT 1/5 Bonus Liability” after 1:00 p.m. on the day of the sale. All payments must be electronically deposited into an interest-bearing account in the U.S. Treasury by 1:00 p.m. Eastern Time the day following the bid reading (no exceptions). Account information is provided in the “Instructions for Making Electronic Funds Transfer Bonus Payments” found on the BOEM website identified above.

Bidders must submit payment to their financial institution as soon as possible on the day of bid reading and no later than 7:00 p.m. Eastern Time on the day of bid reading. This will help ensure that deposits have time to process through the U.S. Treasury and post to ONRR. ONRR cannot confirm payment until the monies have been moved into settlement status by the U.S. Treasury.

BOEM requires bidders to use EFT procedures for payment of one-fifth bonus bid deposits for GOA Lease Sale 262, following the detailed instructions contained on the ONRR Payment Information webpage at <https://www.onrr.gov/ReportPay/payments.htm>. Acceptance of a deposit does not constitute, and will not be construed as, acceptance of any bid on behalf of the United States.

## **Withdrawal of Blocks**

The United States reserves the right to withdraw any block from this lease sale prior to issuance of a written acceptance of a bid for the block.

## **Acceptance, Rejection, or Return of Bids**

The United States reserves the right to reject any and all bids, regardless of the amount offered. Furthermore, no bid will be accepted, and no lease for any block will be awarded to any bidder, unless:

1. The bidder has complied with all applicable regulations and requirements of the Final NOS, including those set forth in the documents contained in the Final NOS package;
2. The bid is the highest valid bid; and
3. The amount of the bid has been determined to be adequate by the authorized officer.

Any bid submitted that does not conform to the requirements of the Final NOS, OCSLA, or other applicable statute or regulation will be rejected and returned to the bidder. The United States Department of Justice and the Federal Trade Commission will review the results of the lease sale for any antitrust issues prior to the acceptance of bids and issuance of leases.

## **Bid Adequacy Review Procedures for GOA Lease Sale 262**

To ensure that the U.S. Government receives fair market value for the conveyance of leases from this sale, BOEM will evaluate high bids in accordance with the bid adequacy procedures that are effective on the date of the sale. This is the first lease sale to utilize the revised bid adequacy procedures that BOEM finalized in 2024. The bid adequacy procedures are available on BOEM's website at <https://www.boem.gov/oil-gas-energy/leasing/bid-adequacy-procedures>.

## **Lease Award**

Leases issued as a result of GOA Lease Sale 262 are expressly limited to oil and gas exploration and development. As noted in section 19 of the lease form, all rights in the leased area not expressly granted to the Lessee by the Act, the regulations, or this lease are hereby reserved to the Lessor.

BOEM requires each bidder that is awarded a lease to complete the following:

1. Execute all copies of the lease (Form BOEM-2005 [February 2017], as amended);
2. Pay by EFT the balance of the bonus bid amount and the first year's rental for each lease issued in accordance with the requirements of 30 CFR 1218.155 and 556.520(a); and
3. Satisfy the bonding requirements of 30 CFR part 556, subpart I, as amended.

ONRR requests that bidders use only one transaction for payment of the balance of the bonus bid amount and the first year's rent. Once ONRR receives such payment, the bidder awarded the lease may not request a refund of the balance of the bonus bid amount or first year's rental payment.

## **XI. Delay of Sale**

The BOEM GOA RD has the discretion to change any date, time, and/or location specified in the Final NOS if the RD deems that an emergent event could interfere with a fair and orderly lease sale. Such events could include, but are not limited to, natural disasters (e.g., earthquakes, hurricanes, floods), wars, riots, acts of terrorism, fires, strikes, civil disorder, or other events of a similar nature. In case of such events, bidders should call (504) 736-1729 or access the BOEM website at <http://www.boem.gov>, for information regarding any changes.

## **XII. Upcoming Milestones**

After the Governors of the affected States (Texas, Mississippi, Florida, Alabama, and Louisiana) and local governments have had an opportunity to comment on the size, timing, and location of the proposed lease sale, as required by Section 19 of OCSLA (see 43 U.S.C. § 1345), the Assistant Secretary for Land and Minerals Management will decide how to proceed with GOA Lease Sale 262. Following the Assistant Secretary's decision, BOEM will publish a Final NOS in the *Federal Register* at least 30 days prior to the date of the public bid reading. The Final NOS Package will be available on BOEM's website at <http://www.boem.gov/Sale-262>.

The Department of the Interior reserves the right to revise the areas offered for bidding and associated terms and conditions described in this Proposed NOS.
