760 Paseo Camarillo, Suite 102
Camarillo, CA 93010

Company name: DCOR, LLC
Project name: Platform Gilda Development and Production Plan Update for Well Stimulation
Project location: Offshore Federal Waters, near Ventura County California
Lead agency: Department of Interior – Bureau of Ocean Energy Management

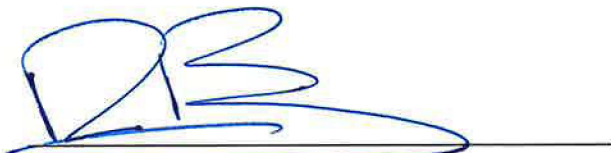

Our company, DCOR, LLC, requests that the Department of the Interior apply its alternative arrangements for complying with the National Environmental Policy Act when evaluating Platform Gilda’s Development and Production Plan Update for Well Stimulation amid the national energy emergency. (See “Alternative Arrangements for Compliance with the National Environmental Policy Act amid the National Energy Emergency,” April 23, 2025.)

The latest version of the Development and Production Plan concerning Platform Gilda Well Stimulation is included with this transmittal.

If the attached Development and Production Plan Update is approved, our company agrees to the following, pursuant to the Department’s “Alternative Arrangements for Compliance with the National Environmental Policy Act amid the national energy emergency”; DCOR, LLC shall:

1. operate in accordance with the approved Development and Production Plan;
2. take measures to mitigate reasonably foreseeable significant adverse effects on the quality of the human environment; and
3. abide by applicable federal (e.g., Clean Water Act, Clean Air Act), state, and local environmental laws.
