A 'Yes' value means that royalty relief is **not available to leases of that vintage. A 'No' value means that royalty relief **is** available to qualifying leases of that vintage.

¹Pertains only to deepwater leases that have applied and been approved for royalty relief under section 302 of the DWRRA.

²Leases issued in water 0-200 meters deep during 2001-2003 had the option to convert from lower price thresholds under lease terms to higher price thresholds set forth in the regulations.

³Applies to qualified deep wells on leases in water 0-200 meters deep that spudded on or after 3/26/2003 and produced before 5/3/2009, and to qualified ultra-deep wells on leases in water 0-200 meters deep that spudded between 3/26/2003 and 5/17/2007 and produced before 5/3/2009.
