TRANSMITTAL (COVER) LETTERS

A cover letter must accompany all Assignments, Relinquishments, Designations of Operator, eWell, and qualification actions. This provides BOEM with contact information should we have any questions.

It must:

- Be executed by a representative of a party to the action. On the letterhead or stationery of one of the parties to the transfer and/or assignment, or an authorized consultant.
- Identify the parties to the action with their qualification numbers and the leases affected.

INFORMATION TO LESSEES

LEASE EXTENSION REQUESTS:

To earn the extension of the initial period, all requests should be submitted from the **Lessee** and not the **Operator**. Please refer the Lease Addendum attached with the subject lease documents. The request should be submitted as soon as practicable, but in no case more than 30 days after spudding a well. The BOEM GOM Regional Supervisor for Leasing and Plans will confirm in writing, within 30 days of receiving the **Lessee's** letter, whether the **Lessee** has earned the extension of the initial period and update BOEM records accordingly. The extension of the initial period is not effective unless and until the **Lessee** receives confirmation from BOEM.
