Covers of these diagrams are available for download in PDF format from https://www.boem.gov/gom83-cadastral-data. The subsystems of the boundary for Submerged Lands Act Boundaries contain 144 hectares. The regular boundaries are defined in terms of Ellipsoid System based on the Geodetic Reference System (GRS) 1980.

The subsystems of the boundary for Submerged Lands Act Boundaries contain 144 hectares. The regular boundaries are defined in terms of Ellipsoid System based on the Geodetic Reference System (GRS) 1980.
