Undiscovered Oil and Gas Resources on the Gulf of Mexico OCS

Gulf of Mexico OCS Statistics

Cumulative production (2022): 23.56 Billion barrels of oil and 190.06 Trillion cubic feet of gas

Active leases on Gulf of Mexico OCS: 1,935 active leases currently on the Gulf of Mexico OCS

Active platforms on Gulf of Mexico OCS: 1,665 platforms currently operating

Total exploration wells drilled: 19,560 exploration wells have been drilled on the Gulf of Mexico OCS

Assessed UTRR on the Gulf of Mexico OCS
