

BOEM'S Offshore Wind and Maritime Industry Knowledge Exchange

Knowledge Exchange Objectives

- Share updates on offshore wind and maritime activities that occurred since BOEM's 2018 Offshore Wind and Maritime Industry Knowledge Exchange
- Share how past recommendations and approaches were incorporated in offshore wind and maritime transportation co-existence
- Discuss measure to minimize risk to safety and disruptions to maritime transportation operations while supporting the development of domestic renewable energy

Session 3 Agenda: August 19, 2021, 12:30 – 2:55 pm EST

Time	Session
12:30 – 1:00 pm	<u>Opening Remarks</u> <i>Speakers: Dr. Walter Cruickshank, BOEM; Michael Emerson, USCG; Jason Gershowitz, Facilitator, Kearns & West</i> <i>A brief overview of workshop agenda and purpose.</i>
1:00 – 1:40 pm	<u>Major Ocean Data Portals</u> <i>Speakers: Christine Taylor, BOEM; Nick Napoli, Northeast Regional Ocean Council and Mid-Atlantic Regional Council on the Ocean</i> <i>Presentations and live demonstration of major ocean data portals and a moderated discussion covering how members of the public can engage with that data.</i>
1:40 – 1:45 pm	<i>Break</i>
