

# We Want to Hear From You: How to Comment

BOEM has prepared a supplement to the draft Environmental Impact Statement (SEIS) for the Vineyard Wind Offshore Wind Energy Project. BOEM is asking all stakeholders to submit comments on the information in the SEIS. Providing your local expertise and perspective will help produce a more complete environmental analysis of the proposed project resulting in a more informed decision by BOEM.

## What is BOEM looking for comments on?

- Accuracy of information in the SEIS
- Adequacy of, methodology for, or assumptions used in the environmental analysis
- New information relevant to the analysis or that would change the conclusions
- New alternatives that meet the purpose and need statement, are feasible, and are substantially different than the alternatives already considered in the SEIS
- Where clarification is needed

## When are comments due?

Comments must be received or postmarked no later than **JULY 27, 2020**

## What will BOEM do with comments it receives?

When the public comment period is finished, BOEM will analyze comments, conduct further analysis as necessary, and prepare the final EIS.

In the final EIS, **BOEM must respond to the substantive comments** received from other government agencies and the public.

The response can be in the form of changes in the final EIS, factual corrections, modifications to the analyses or the alternatives, new alternatives considered, or an explanation of why a comment does not require BOEM's response.

A copy or a summary of substantive comments and the responses to them will be included in the final EIS.

## How can I submit my comments?

**At this virtual public meeting** through submission of a public statement during the Q&A session

### In writing to:

Program Manager, Bureau of Ocean Energy Management  
Office of Renewable Energy Programs  
45600 Woodland Road (VAM-OREP)  
Sterling, VA 20166

### Online at **Regulations.gov** using docket number **BOEM-2020-0005**

In the box titled "SEARCH for: Rules, Comments, Adjudications or Supporting Documents," enter **BOEM-2020-0005**, and click "search." View supporting and related materials available for this notice, then click the "Comment Now!" button on the right side of the screen.
