## **CHANGES TO**

### **FINAL NOTICE OF SALE PACKAGE OCS Oil and Gas Lease Sale 185 Central Gulf of Mexico**

#### **Vermilion Area Block 112 is NOT available for bid in Sale 185.**

Please note that the lease OCS-G10659 on Vermilion Area Block 112 was erroneously terminated by this office in January 2003. This error has been corrected and the "producing" status of this lease has been reinstated. Therefore, this block is NOT available for bid in Sale 185. This is an official change to the availability status of this block from that shown in the "List of Blocks Available for Leasing" in the Final Notice of Sale 185. MMS regrets any inconvenience caused by this change.

#### **North ½ of West Cameron Area Block 132 is available for bid in Sale 185.**

Please note that the Final Notice of Sale 185 document titled "Unleased Split Blocks and Available Unleased Acreage of Blocks with Aliquots and Irregular Portions Under Lease or Deferred" contains an administrative error. That document erroneously depicts the South ½ of West Cameron Area Block 132 as being the unleased portion available for bid available in Sale 185. The portion which is unleased and thus available for bid in Sale 185 is actually the North ½ of West Cameron Area Block 132. MMS regrets any inconvenience caused by this error.
